LITTLE TALKS WITH OUR BUSINESS MEN

The Clough drug store had an exciting and timely Easter window display last week. A petite but grand little bambini has graced the window and in her care was a brood of newly hatched chicks from the popular form of Lemora Rupp.

The K. G. Anderson grocery had a unique yet very appropriate Easter window display. The window in this store is always attractive at this popular food supermarket.

The Tillamook Fruit and Produce Co. is sporting a big new sign over their wholesale store rooms.

The Honey & Heuser Cash Grocery enjoyed an exceptionally big trade Saturday and Monday as a result of Herald advertising. Their special for next Saturday and Monday will be found in this issue and should warrant heavy buying.

Monday was a big day at Hallman's. A long spell of sunshine brought out a goodly crowd of shoppers, so big that the entire sales force was taxed to capacity for several hours.

The new fruit market opened in the Gem Building by Hallman reported a good business. The new store is equipped with a refrigerating plant and is neat and very attractive.

Rother's Furniture store continues to average about a sale a day in Colonial ranges. This store is one of the best selling agents that the Colonial people have as is attested to by the numerous complimentary letters received from the factory by the Tillamook agents.

King & Crenshaw are abreast of the times with a timely baseball window.

The J. C. Penney store is definitely setting its share of the business these days. Monday was a good day, and the entire Easter business is reported as more than gratifying. The store recently distributed a little digest booklet issued from the New York office that describes exclusive Penney-modes and fashions which were very interesting and timely.

PARENT-TEACHER ASSN.

MET LAST MONDAY

The Tillamook City Parent Teachers Association met at the gymnasium on Monday evening of last week. There was a fine attendance and a good program was presented.

Mrs. Harry Turner and Miss Wilson of the Eighth grade read papers on "The influence of the movies on the child," and the subject, "Community co-operation in teaching the young," was handled by A. G. Bea and Mrs. Hanson. The subject, "The health of the child," by Dr. Robinson and Miss Brackel was continued until next meeting on account of the absence of Dr. Robinson, who was called to Portland.

The high school orchestra, composed of Miss Annette Jenkins on the piano, Mrs. Betty Lantz Myers on violin, Arthur Harris and Carlisle Strand on saxophones, Russell Dark, banjo and Harley Davidson, drums, furnished some very good music.

The next meeting will be May 5th.

The national parent teachers association will be held at Tacoma, May 8 to 10. Several members from Tillamook county associations are planning on attending.

I wish to express my thanks to W. O. W. for their prompt attention to, and settlement of the insurance policy of C. A. Elliott.

Proper Treatment for Whooping Cough

It is of interest to all and especially to the parents of young children known as best to be done for whooping cough. Mrs. Walter Bell Patonburg, Mrs. reiterates her opinion. "A few years ago, our children had whooping cough and the medicine we gave them was Oscar's Remedy. It got their coughs loose and expectorated easily. They were not sick very long and had a light attack of it. I would like to wait for their speedy cure with this medicine.
