

SALVATION ARMY NEEDS AID

CEMENT WALKS TO PARALLEL PAVED STREETS

COUNCIL MAY FORM SIDEWALK DISTRICT TO PERMIT PROPERTY OWNERS TO BOND FOR CONSTRUCTION.

BUSINESS DISTRICT AFFECTED

"CLEAN-UP" SPURRED DOMESTIC COUNCIL TO CONDEMN BARN SHACKS

One cleanliness and minor public improvements constituted the bill of the city council held Monday night.

The Mayor and Council are heart and soul back of the Club Women who are carrying out and enforcing the clean-up campaign. The council on its own initiative closed the city for unsightly and unsanitary spots, finding a few which were removed in the opinion of the health officer. Dr. Robinson, this was necessary for the health and safety of the people and issuing an ultimatum to the owners of the buildings to be removed or else. Two barns were condemned, two houses ordered to be at least put in cesspools, one down-town business structure ordered to be connected with the sewer and another old barn which the city acquired when the property upon which it stands reverted to the city for non-payment of street assessments was also ordered to be dismantled same as each upon the premises.

The reason of a sidewalk district is provided by the Hancock act and also by ordinance was discussed and the street committee asked to canvass the situation and report at the next meeting. Mayor Moulton addressed the council briefly on this subject asking that the matter be given serious attention. He said that the Chief of Police and he had been over the city and had found that there were a great many sections where cement sidewalks were a necessity. Second Ave. east was one place where he especially asked that sidewalks be ordered. He remarked that he was always fearful of accidents on this particular street where no walk paralleling an alleyway was provided. He said that he was always fearful of accidents on this particular street where no walk paralleling an alleyway was provided.

It is proposed to create a sidewalk district and put down cement walks wherever there is a paved street. Several of the down-town blocks would come under this improvement plan.

The usual monthly bills and pay rolls of the City Hall employees, the street cleaning department, the fire department and the police department were audited and ordered paid. In the connection it was ordered that in future the fire department, which uses considerable oil and gas, should distribute its patronage around from one garage to another, changing each month.

I. O. O. F. CONVENTION TO BE HELD SATURDAY

The County Convention of I. O. O. F. Lodges of Tillamook County will be held Saturday, May 6th, at Tillamook, Oregon. Past Grand Master Judge Thomas Ryan will attend this convention and local members of the lodge are making extensive arrangements for a successful convention. A banquet will be had in honor of Past Grand Master Ryan at 6:30 in the evening.

Odd Fellows wishing to attend the banquet should make it known to the banquet committee consisting of George P. Winslow, John Aschm and F. A. Beitz.

It is expected that a large delegation of each of the County Lodges will attend this convention and it will open at one o'clock and probably be in session until late Saturday evening.

Get the graduate pen. Pens of exquisite style for men and women at Jenkins the Jeweler.

CAPO OF THANKS

The undersigned wish to sincerely thank all those who so kindly assisted at the death and burial of our beloved father.

THE HARRIS CHILDREN.

Nickname Tillamook Ball Team Win Two Free Season Tickets

The gladstone baseball team is at hand, opening play being set for Sunday, May 14th—on a one week basis. You're going—course you are! How would you like to get in free?—to the opening game and every game played here this season? Pretty fine, eh? You can do it—and what's more you can take your wife, the other fellow's wife or your own wife in tow, via the same route—FREE. How? Listen, we'll tell you.

The Tillamook leaguers are ready to take the field and clean up on the rest of the gladstone contenders. They have new "buns" new paraphernalia, a dandy diamond, a live-wire manager and the best coach in Oregon. But they lack one necessary requisite—A NAME.

Here's where the free tickets come in.

Supply the team with a moniker—a nickname, a fighting name, or whatever it pleases you to call it—and we'll guarantee you TWO SEASON TICKETS TO THE LEAGUE GAMES.

This novel contest is conducted by

The Herald sporting editor in the event that it is the fans who make or break the game—the fans who pay their two-bits and their 45 cents for the privilege of seeing their favorites cavort around on the diamond. The fans like to know how their wishes are given some consideration. This is their and they are entitled to it. Consequently the Herald goes directly to the fans when the want of a name is apparent.

We might nickname the team of our own accord. We might call them the Muskatal Giants, the Pirates, the Merces or whatever, but would the fans listen to our suggestion? Perhaps not. At any rate the fans shall have the opportunity of naming Tillamook's league team this year.

Now—the person who submits a name for the Tillamook team which shall meet with the approval of the majority of players, together with the manager and coach of the team shall be awarded the TWO SEASON TICKETS.

In the event of more than one person submitting the name chosen the person sending in the nearest composition shall be declared the winner. In the event a winner can not be determined in this manner then the order in which they are received shall be taken into consideration—all entries being numbered and the first answer received with the chosen name being declared the winner.

Consequently, fans, (and fanettes) get your answer in early, "the sooner the quicker." No strings, no obligations, no age or sex limitations. The person submitting the name best suited to the Tillamook team will win the coveted pastebards—which have a face value of about \$9.00—always remembering the above written conditions.

Write on one side of paper only. Mail or send to The Sporting Editor Tillamook Herald in or before TUESDAY, MAY 9th.

The winner's name will be published in the issue of May 11 and tickets awarded in time for the opening game.

Who will win the coveted prize? You might as well. Get busy.

Tillamook Famed for More Than Cheese

It would seem that Tillamook is so famed for something more than the quality of its cheese or the productivity of its cows, or even of its scenic grandeur of its mountains and its seashore for now the physical exertion of some of its inhabitants is being pictured and spread broadcast over the nation.

Last month a sister of Morris Schell, who is a champion aquatic performer received considerable mention in Physical Culture, an illustrated national magazine. This month Miss May Wilson, office manager of the Pacific Telephone & Telegraph company is featured in two full pages of two-tone illustrations in the same periodical.

One page shows an excellent picture of a full posture and another picture in a sitting position. The caption accompanying these excellent photographs reads: "Miss May Wilson, a typical physical culture girl of Tillamook, Oregon. A good swimmer, she is an example of a normal female physique."

The other page tends to illustrate Miss Wilson's almost perfect physical development and shows her in four different positions with a caption that reads: "These photographs are characteristic of the physical training by which she has attained her beauty and symmetry of body. She presents an object lesson in health and beauty."

Tillamookers will remember that several months ago Miss Wilson won national renown, when in competition with the most charming young women of the nation she was picked by competent judges as one of the four most beautiful and physically perfect women of the states. She was invited to go east for further competition, but declined the honor to remain at her post of duty here and as far her mother with whom she lives.

Miss Wilson lives an outdoor life as much as possible and in the summer is a constant habitué of the beach resorts. She is a graceful swimmer and dancer. She lives a simple life, gives careful attention to her diet and exercises frequently.

She has been asked to pen a brief story on her method of attaining that physical charm and perfection that many seek after but seldom find.

RADIO EXPERT HERE; CONNECTED WITH SUNSET

E. C. Jones, radio expert, and a member of the University and Seattle radio clubs, has been transcribing side people. Walter J. McLeod getting a set at one time.

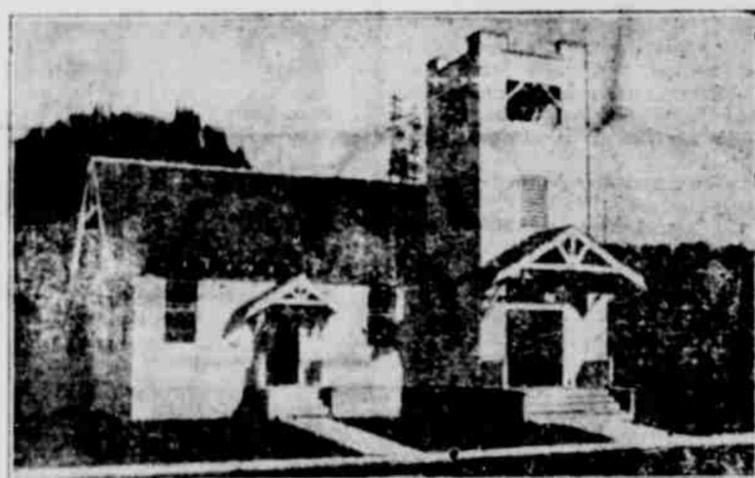

Mr. Jones and his now connected with the Exide battery station of this city.

Mr. Jones brings with him from Seattle a receiving set specially constructed by himself for use in this city. It has a radius of 625 metres.

He has been having wonderful success so far, however, and has received numerous sendings from Seattle.

Portland sendings are difficult to receive here, far more so than sendings from Seattle which place time a easier than any other on the coast, just what causes this Mr. Jones is endeavoring to fathom. Code mes-

Handsome Beaver Church Edifice Which Was Dedicated Last Sunday

The new Beaver Oregon church of the United Brethren in Christ was dedicated Sunday April 30 by Bishop Wm. H. Washington, D. D. of Portland Oregon, of the Pacific District of the church of the United Brethren in Christ. He was assisted by conference superintendent G. E. McDonald of Portland and Pastor J. E. Fry of Tillamook.

The day was ideal and the congregation was responsive.

The services were in charge of pastor Fry. The Bishop preached morning and afternoon on the theme "A problem of the age and how we may solve it." Based on Rev. 22, 9 and Psalm 45:11.

The music was inspirational.

The entire cost of the building and grounds was \$40,225. The cost exclusive of grounds was \$35,225. The amount paid on the building before dedication was \$15,225 leaving \$20,000 to be raised Sunday. So generously did the people respond that the amount secured in cash and subscriptions for the day was \$20,644 of which \$487.66 was cash.

Among those present were: Prof. G. B. Lamb and family of Tillamook; Prof. L. N. Renner and wife of Tillamook; Prof. C. I. Claggett and wife of Beaver and Mr. Frank Heyd of Tillamook the architect and builder of the church.

This new church takes the place of the old church which burned September 2nd, 1918 and which had served the community for over 20 years.

Aside from a splendid auditorium is a room for Sunday school purposes which can be used for social occasions, also a suitable kitchen and pantry and toilet room.

Cement walks are laid and the

sages are readily picked up from Portland but other messages are difficult to handle.

Mr. Jones and Oren Dixon of the Exide battery station also are preparing to equip automobiles with radio sets in the near future. A receiver that will pick up messages and concerts within a radius of 15 to 20 miles and possibly farther, will be installed. An Aerial is run around the top and under the car tray or four times varying as the case may be. An ordinary receiving set is used. It is adaptable to camping and picnics and can be easily seen.

The Exide battery department of the same garage is paying particular attention to the radio needs of the community just now. It is their intention to keep abreast of the times

and to cooperate with the Coast Power Company and private owners of radio sets in every instance.

Several radio batteries have been ordered by local owners from the

CARD OF THANKS

We wish to express to our neighbors and friends our sincere thanks and appreciation for the many acts of kindness and beautiful floral tributes tendered at the death of our beloved mother and daughter.

St. Alphonsus local academy announces a play to be given Friday May 5th, 8 P. M. City Hall. Admission 25¢ and 50¢.

CONSTRUCTION & LOAN COMPANY FORMED HERE

LOCAL MEN FORM \$50,000 CORPORATION TO AID CITY AND COUNTY BUILDING PROGRAM

STOCK IS BEING RAPIDLY SOLD

FLASKER APARTMENTS INCLUDED IN HOLDINGS OF NEW COMPANY

A new financial institution known as the Tillamook Finance and Loan Company, capitalized at \$50,000, with head office at Tillamook has been formed and incorporated by Tillamook business men. Of the capital stock \$18,800 was subscribed last Wednesday and more has been taken up since then.

The officers of the new company are all well known Tillamook business men. John Plasker being president, Burr Beals, Jr., vice president, Ben Plasker, treasurer and Robt. McGrath secretary. The directors are: A. F. Coats, J. Plasker, Burr Beals, Jr., J. P. McGinnis and Ben Plasker. Sub-office for the new concern are now being negotiated for.

The plan of operation is a worthy one and should fill a long felt community need. The company is formed similarly to successful financial institutions throughout the United States with one added feature and that is that the concern already has a reliable income of nearly \$800.00 monthly aside from its building loan. It is derived from the Plasker Apartments which have been taken over and made a part of the company's plan. Plaskers contemplated a new barn or other farm building but also allow themselves of the company's assistance.

Many new homes will go up in Tillamook as the result of the advent of this company. There is certainly room here for the erection of one or two hundred homes for if ever there was a dearth of living abodes there is such a condition existing here today. Newcomers are finding it next to impossible to secure houses and many renters there are who would like to build but lack the necessary capital. Under the new conditions brought by Plasker, Coats, Beals and their associates all of them now own their own homes.

This new Beaver Church is the first of the fifteen proposed new churches, of which Beaver is the smallest to be built in the Pacific District of the church of the United Brethren in Christ in harmony with the program outlined by Bishop Washington in his presidential address to the General Conference which convened in May 1921, at Indianapolis, Ind. Six of the fifteen proposed new churches will be erected in Oregon Conference, as follows:

Beaver, now dedicated at a cost of \$10,225; those to be built, with approximate costs are: Portland Third Church \$20,000; Portland Fourth Church \$20,000; Seattle \$40,000; Portland First Church, \$50,000; Portland Second Church \$25,000.

Portland Third and Fourth churches and Seattle Church will be built first. The remaining nine churches will be built in Montana, Columbia River and California Conferences.

In addition to the fifteen proposed new churches, at least six parsonages will be built on old fields of labor, two of which will be in Oregon Conference. Plans are also being made to enter six new centers on the Pacific District.

The grades will have their work shown in the grad building and in the temporary buildings on the Hays way. In the High School building a lot of attention is called to the work of the pupils in the Manual Training Department Science and Domestic Art departments. The foods displayed by the cooking class will be sold at cost, thus a small charge to cover the cost of delivery as no machines may be taken away until 1923. Last year this department was very popular and all food was sold at an early hour. A reproduction copy of this recipe is given with each purchase.

The exhibit rooms will be open from 1:00 to 2:00 P. M. and from 3:30 to 4:30 P. M. They will be closed at 2:00 P. M. to allow patrons to attend the May Day exercises in the gymnasium. There will be no admission charged for this program, which will consist of folk games, gymnastic drills, etc. Under the direction of Miss Marion Hanson and Mr. Archie French.

The program will conclude with a best swimming demonstration in the gymnasium. This will be an exposure of the High School boys, of some of the best swimmers of the county.

Close to this exhibit and encourage children by showing an interest in their work. Plan to visit the displays in both buildings and then go over to the gymnasium from 2:00 to 3:00 P. M. If you have children attending school take this opportunity to meet their teacher.

Remember the date—May 12, 1:00 to 4:30 P. M.

Tillamook County Asked to Help The Army That Helped Win War

COUNTY-WIDE DRIVE ORGANIZED FOR MAY 18, 19, 20—CHAIRMAN ASCHIM NAMES COMMITTEES: LOCAL WORKS CALL FOR GIRL VOLUNTEERS.

Three Candidates for Governorship Speak

Three candidates for the nomination of governor—two of them Republicans and the other a Democrat—spoke to Tillamook folks from the same platform last Friday night.

The gathering of these political luminaries was at the instigation of the American Legion, who held "open house" at the city hall and permitted each of the three gubernatorial aspirants to appear for a 15-to 30-minute inspection. Each of the three spoke on the subject of "Americanism," an inspiring theme that even the layman loves to dwell upon these days.

The commander of the post, acting as chairman first introduced Sen. Chas. Hall of Marshfield. Hall, who had numerous personal friends and acquaintances in the audience, was greeted by thunderous and prolonged applause. Right here it might be well to remark in passing that Hall's strength, particularly in the coast counties, must not be underestimated. He will make some of the other five aspirants "hump some" to carry off the bacon. Hall talked briefly, but pointedly, arguing that by promoting the civic welfare of our communities, counties and state we were practicing one of the basic principles of Americanism. He seemed to impress the audience very favorably.

The second speaker of the evening was that grand old man of Polk county—Sen. "Ike" Patterson. Patterson, like Hall is on the trail of the Republican nomination. He is a descendant of the earliest American settlers his parents having come to Oregon via the ox team. Two sons were over seas in the late world war. Sen. Patterson's short talk on Americanism was good indeed and coming as it did from a man of impeccable loyalty and faithfulness to his country it was doubly appreciated.

The third speaker was no less a person than "Web" Holmes—our "Web". The judge made an instant "hit" with the home folks with his apparent knowledge of what constituted "Americanism." Addressing his remarks to the legionsaries principally he pleaded that a more thorough and comprehensive study of the Constitution be had in our schools.

Institutions of learning. The Bill of Rights, the Declaration of Independence and the Constitution itself said Judge Holmes were brought into being and conceived out of intolerance—intolerance who were oppressed by our forefathers who were oppressed in their native lands and again in America—the land they had pictured as a haven where all oppression ceased. Here they were denied the right to worship as the dictates of their conscience bade them, oppressed with taxation, etc. etc. until it became unbearable. Having adopted America as their land and being imbued with a love of country too strong for mere words to express, they fought, bled and died. Out of this bloodshed came the present Constitution of which the Star Spangled Banner is the emblem. This thought the judge forcibly brought home to his hearers. All men are given EQUAL rights under this constitution. Enjoying these rights no man could help but being a true, 100 per cent American, he said Holmes was given a great ovation.

Orchestra music, a monologue by Snodgrass, the local doctor of shoe-making, and a concert by the radio-phones interspersed the talks by the three distinguished politicians. The legion proved themselves good hosts and the thanks of the city is accorded them.

GREAT CONCERT UNITES GREAT INVENTIONS OF MUSIC AND AIR

The radio phone, the motion picture machine and the Mills Melody Violins—the three greatest inventions of the recent past, were brought together recently in Chicago and a sacred concert rendered which was picked up by radio enthusiasts of twenty states.

While the program of the sacred concert was being given, motion pictures were made by the International News Reel, and upwards of 500,000 motion picture fans will see not alone the action on the screen but will also have the opportunity of witnessing the operation of the latest invention in the musical world.

The concert which was arranged under the direction of two musical directors, Morgan L. Eastman of the Westinghouse Radio Station KYY at Chicago, and Banks Cregier, was called the greatest musical program broadcast so far by radio.

May 18-19-20 have been set aside as donation days for the Salvation Army. The central committee of Tillamook county of which Sheriff Aschm is chairman, requests that every one contribute what they can. The money so contributed will be used only for work in the state of Oregon. A committee for every district in the county has been appointed and will call on you. Everyone contributing will be given a receipt and a button. Give what ever you can, help the army that helped win the war.

District committees: E. G. Kardell, Maunatita; Henry Tohi, Nehalem; D. C. Boykin, Nehalem; L. Thompson, Wheeler; J. F. Bradley, Wheeler; G. B. McLeod, Mohler; W. A. Rowe, Brighton; J. G. Jassman, Rockaway; W. A. Sinner, Barview; D. C. Ellis, Garibaldi; Wm. Martin, Garibaldi; Cove; J. A. Nelson, Bay City; W. J. Norris, Idaville; E. L. McCormick, Bemick; L. F. Brode, Sandlake; R. O. Richards, Beaver; E. E. Ayer, Blaine; D. R. Timmerman, Fairview; P. D. Ott, Hebo; W. A. High, Cloverdale; Clarence Edner, Netarts; A. C. Duvel, Woods and Pacific City; Merel Holman, Meda; L. J. Redberg, Orestown; Fred Affolter, Neskevin; Garrett H. Ward, Henry-Cresshaw, Frank Conover, Tillamook City.

Camps: Frank Patchel, Coal Creek; G. M. McLeod, Brighton; W. B. Watt, Brighton; C. L. Starr, Doughty, Lumber Co.; C. H. Wheeler, Jr., Cochran; F. J. Alley, Biding; C. E. Haak, Snark (Holloff); E. D. Severance, Garibaldi Mill; A. G. Johnson, Kichis Camp; Alfred Anderson, Coats Lumber Co.; Wm. Fletcher, Yellow Fir Mill.

CALL FOR VOLUNTEERS: TILLAMOOK GIRLS TO BE IN BIG DEMAND

The commendable work being done all over the world by the Salvation Army is so well known to the people of Tillamook that any comment we might make could not instill in their mind a more firm conviction that the judicious work being done by this wonderful organization for the rescue and general uplift of the unfortunate. On every hand it is one of if not the greatest and most far reaching charitable work being carried on by any institution in the world.

From the very nature of things there is little or no source of income aside from outside donations and to the good people of Tillamook now comes a call for aid to assist in this great work and upon us rests the responsibility of giving every man, woman and child in Tillamook City an opportunity to contribute their portion to the worthy cause. In this connection we desire to say that we expect to divide the town into sections of suitable size for canvassing and we hereby call for girl volunteers to assist in canvassing each section and collecting the offerings. Anyone wishing to volunteer kindly report to either of the undersigned who will furnish you with suitable equipment for canvassing.

G. H. WARD
F. F. CONOVER
Tillamook City Committee.

TOURIST CAFE, REMODELED, REOPENED AGAIN THIS WEEK

The Tourist Cafe re-opened this week after being closed for several weeks during which extensive improvements have been under way.

Messrs. Buffum and Hodge, the proprietors, have acquired additional floor space that gives them practically twice that used before. The seating capacity has been increased to accommodate 70 diners. 40 additional cozy leather up-holstered settees have been added, several new tables provided, the whole repapered and decorated, new floor covering laid until the cafe is really one of the best appointed and most inviting dining rooms in this state.

A new feature is the erection of a glass enclosed salad and ice cream room, that not only adds charm to the interior arrangement but greatly adds to the efficiency of the service.

Seven people find employment at the Tourist Cafe. Messrs. Hodge and Buffum the proprietors being the active heads and chefs.

The improvements according to Mr. Buffum, were made necessary to handle the regular trade accorded the place. With the tourist trade now beginning to trickle in the need of additional room was made doubly necessary, hence their decision to provide for them.

The play "Dolores"—City Hall, Friday night, will be one really worth while.
