## The McClaren "Mileage Strip"—

what it is and what it means to you

A WIDE, continuous strip of solid rubber running through the center of the tread and around the entire tirethat is the well known Mc-Claren "Mileage Strip."

The greatest wear on any tire is in the exact center of the tread. It is at this point that the tread wears fastest, as it comes in full contact with the road and receives all shocks. This is why the McClaren "Mileage Strip" was designed, and is embodied

in all McClaren Tires.

In the Autocrat Cord or the Allroad Fabric this "Mileage Strip" bears the load -prolongs the life of the tire and gives greater mileage.

Come in and let us show this construction of the McClaren Tire in detail-let us show you how the "Mileage Strip" makes both the Autocrat Cord and Allroad Fabric leaders of their class, in extra long life and extra mileage.

While we're on this subject of pests we would like to lodg a complaint, Tiliamook Tuesday transacting busiand we don't care whether white, ness Stark or Aschim's gang takes the bit and plows in. Any Sunday, early or that immediate valuity in which The Herald offce (where we work (?) phone and Telegraph company of the Commercial anathements in the country seattoo ANNNAN and the Commercial apartments (where mother cooks our biscuits) is locatid, closely resembles a front line tronch, both for noise and smoke The suse thereof is a bunch of pop-pop of the back. It comes on suddenly popping motorcycles. They kinds and is quite painful. Every movement amused us and made us feel at home aggravates the disease. Go to bed, at first but their regularity and inreasing number and noise has got the better of our good nature now. Clean 'em up!

Some of the good ladies of this town are up in arms (and justly and over the total lack of civic spirit and not turn to the left or right. I had pride in town as expressed by another paper in it's tee-total silence an at clean-up campaign. Last issue The Herald, with a spirit that domin ates every person with the welfare of the city at heart, devoted several to this movement (eval B-U-N-K participating) but the other sheet was certainly conspicuous by it's silence. The ladies noticed it—BU-LEEVE MUH, THEY DID, and ye editor (?) on said weakly also no-ticed it—several highly prized subcriptions slipping out from under his grasp. The Horald, says the boss, is FOR TILLAMOOK, in clean-ups and every other movement, so remember "the paper that does things." AND DON'T FORGET THE OTHER FELLOW, GANG!
