POPULIST CLUB MEETING.

It was suspected by some that the withdrawal of so many prominent members, as reported in last issue, would be followed by a diminished interest that would result in utter collapse. But we are glad to chronicle the fact that the club still wags along and is not likely to go dead for a time. Certainly it can kick as fast and furious as ever. At the regular meeting on the 4th, inst. Mr. F. A. Creed, of Mound precinct, who is canvassing the county in the interest of purity in Populist politics, dropped in and, being called on, discoursed at length on the old-party methods adopted by the late People's party county convention.

At the outset he announced that he was not a candidate and did not have the office itch.

The speaker denounced in unmeasured terms the ignoring of the preferential vote by a large portion of the delegates and believed that he had ample proof that all this was brought about by the most reprehensible wire-working. He advocated adhering to the choice of the people rather than the choice of the delegates. In the opinion of the speaker it would require the cleansing effect of several bottles of sarsaparilla to fit some of the would-be leading Populists of this county to grace the ranks of a reform party. At the close of his address the speaker introduced a few whereas's and therefore's requesting Messrs. Marksbury, Rawlings and Jeffrey to resign in favor

of the nominees of the clubs, and urging the necessity of calling a mass convention etc. The resolutions were adopted.

It was also moved and carried that a copy of the same be furnished to each of the county papers, excepting the *Valley Record*. It seems that communications from the kicking wing of the Talent club to the latter paper go by the way of Australia and South Africa and somehow get "lost" in transit.
