As Many Look At It

One of Vernonia's busy business men, one that has seen real good cities grow into cities, and a man who really at heart believes it possible, with our location and gifts of nature, to make a city of Vernonia, writes the following, which we feel deserves printing:

"This is, in a way, a critical time for an election. A city, but no city. No things that go with a city, but the time we must have those things. We have got to have a personality at the head of

affairs that understands the situation; that has the backbone to meet and overcome come obstacles that may come up from time to time; a man who can meet big people in big deals; in other words, a man that can put up a front. A man that will not begrudge his time in working for something the city needs. A good many projects, such as light, power, water and other improvements are contemplated. We want a man that can put them through. For your approval, for mayor of the city of Vernonia, I submit the name of our present Mayor, Chas. D. White."

California is spending three times the cost of the Panama canal in developing her water power: hydro-electric plants running into hundreds of millions. Vernonia can have hydro-electric power without penny's expense.

The Peoples business meeting of the Church will be held Friday evening at the home of Mr. and Mrs. Condit. A musical program will be given.

The Peoples Ticket

Several citizens and business men who are anxious to see Vernonia grow, prosper and progress, have nominated a city ticket to be known as the Peoples Ticket. It is for a bigger Vernonia and the men nominated to be voted on at the city election are: For Mayor, Chas. D. White; Councilmen Franklin Malmsten, C. A. Mills, Dr. Sears, and Ruben Hall. For Recorder, Ben Owens; for Marshal, Everett Fowler; for Treasurer, Guy Mills. The ticket favors new enterprises, industrial employment, city improvements, lower insurance and more people.

This paper endeavors more to print the news and boost the worthy community on account of the many nice complimentary remarks we have received on the appearance of our country weekly, some saying it is the best little local paper in the state. We also greatly appreciate the kindness of those in sending and handing us local news items.

They All Come Back

AFTER spending 25 years trying to find a better place to live, I am returning to Vernonia to make my permanent residence and to engage in business.

It is most apparent that this rapidly growing city needs a Furniture store. Therefore, as soon as I can secure the location, I will endeavor to give you a store worthy of your support. In the meantime call on me at the Nehalem Hotel and I will see that you are supplied with what you need in the household line.

I shall be glad to meet my old friends who I knew whilst I was on my homestead in this valley, and hope to have the pleasure of meeting every resident of the Nehalem.
