Everywhere You Hear It -
Firestone Builds
the Finest Cords

HARDLY a day goes by but some one goes out of his way to tell us that Firestone Gum-Dipped Cords are the best tires built.

Cords—as only Firestone builds them—will give you many extra thousands of miles of wear. And for fall and winter driving there's nothing like them. The strong, resilient Firestone carcass of gum-dipped cords, can stand the hardest punishment.

With the reputation Firestone Cords hold, it is not surprising that so many motorists in this community have made them standard equipment. The demand for Firestone Cords in the last few months has broken all records.

Prices were never so low as they are now. Perhaps never again can mileage be sold so cheaply.

Decide now that you will get Most Miles per Dollar. Drop in any time and let's talk tires.

History In Advertising.

Historians who study newspapers to learn the habits and customs of peoples say they gain more information from advertisements than from news accounts, and that the information imparted in advertisements is more accurate. Advertisements tell their stories without the intrusion of the editorial blue pencil. They show the development in transit, the disclosure changing conditions of home, they announce the birth of scientific discovery and invention, they prove the worth of that which is true and lasting and unmercifully expose the sham and the fraud. They tell of our varying taste in dress, they show our belief in sanitation, they disclose our love of sport, describe our work, they mark the change in the status of womanhood and youth, they visualize the molding of our morals and our methods and present to us humanity from the finarcing to the finale hopper. The newspaper subscriber who fails to read advertisements misses

more than half the value of his favorite publication. Advertising is news of the highest importance and the most reliable news presented to the people. During the war, when Michael Friedsam, the great New York merchant, was appointed to serve as Fair Price Commissioner by the government, he was asked how the public could be best kept informed as to honesty of price. His reply was terse and true: "Let them read the newspaper advertisements."

The School Monopoly Bill has a misleading name!

YOU have an interest in schools? Then be sure to understand the true meaning of the School Monopoly Bill which is called on the ballot the Compulsory Education Bill.

The reason that this name is misleading is because we already have compulsory education under the present existing law, and we already have compulsory teaching in English in all schools.

What this bill really proposes is to substitute state control over the education of your children for your control.

The people of Michigan have already overwhelmingly defeated this measure, because it attacked the freedom of education.

Protect your rights which are being endangered—do not be misled by the name of this bill. Read the proposed bill carefully. Read the campaign literature. Find out the intent of the bill which is disguised by the title.

You will find that they propose school monopoly. A hidden attack upon freedom of education.
