# Candidates for Governor

When a candidate for public office makes a campaign promising what he will do if elected, it is fitting and proper that the voter examine the public records to ascertain whether or not the candidate's record squares with his campaign promises. In the present campaign Candidate Pierce professes to be the apostle of lower taxes.

Mr. Pierce's Record

T. Of the \$9,376,000 of state taxes for 1922, Mr. Pierce specifically approved of \$8,564,039. This is 92 per cent of the total. Mr. Pierce had no opportunity to vote on the other 5 per cent, as he was not a member of the legislature when it was up for vote.

2. He voted for 97 per cent of all tax appropriation bills of the 1919 session of the legislature, and for all the appropriation bills of the special session of 1920.

3. The State Highway Commission now works without pay. Mr. Pierce introduced a bill to pay the commissoners \$12,000 a year.

4. He voted to submit a bond issue of \$400,-000 for a new penitentiary. Governor Olcott has repaired the old one with convict labor at no

5. Mr. Pierce claims he wishes to relieve real estate of the tax burden; yet he is the author of a bill submitted to the legislature which would exempt from all taxation moneys, notes, credits and accounts.

6. In the last few years he voted for 185 sal-

8. He introduced a bill providing for the 8. He introduced a bill providing for the most elaborate commission any state ever had. He specifically provided "to secure every citizen of Oregon an opportunity at all times to work for the state," and provided a \$5,000 salary for the head of the commission. This bill was purely Socialistic.

8. In the 1917, 1919 and 1920 sessions of the legislature there were appropriation bills introduced totaling \$10,582,000. Of these Senator Pierce voted for \$10,075,000.

Measured by every standard, Mr. Pierce is the most consistent little tax booster the state of Oregon ever had.

Mr. Olcott's Record

1. He introduced a change in the state secretary's report which has saved the state many thousands of dollars since 1912.

2. His renovation of the penitentiary saved the state nearly half a million dollars.

3. He secured funds for a training school building for the Boys' Institute without a single dollar or additional taxes.

4. He is the originator of the Oregon Blue Sky Law, which saves the Oregon people millions of dollars annually.

5. He was responsible for the stopping of junketing trips by state officials at state expense. 6. He secured the passage of a budget law effecting large economies in the state government, which could not otherwise be accomplished.

7. The change in the State Sessions Law, recommended by him, saves the state \$10,000 a

8. He has been universally commended for the excellence of his official appointments.

9. He is responsible for changes in the adminstration of the state farms, which this year brought returns of \$491,000 into the state. 10. He has shown himself, by his acts, a friend of the ex-service men, has warmly supported the bonus measure, and has administered the law in the interest of the ex-service men with honesty and efficiency.

with honesty and efficiency.

11. He has taken the first real constructive step in the equalization of the state tax situation by the appointment of a committee of experts to investigate and report to the legislature the entire scope of the tax problem in this state, thus assuring that any changes to be made will be made along sane, conservative and constructive lines, which give far more promise of securing results than demagogic bewailing and idle campaign promises such as are being made by the non-partisan candidate of the Democratic party, especially in the light of his record as the champion tax producer of the state of Oregon.

Over \$1,000,000 a year for operation Over \$3,000,000 for buildings and grounds

> THE first cost of state monopoly of schools would be something over three million dollars for new buildings and grounds. We would have to pay a yearly tax of over one million dollars for operation in addition to what we are paying now.

They propose that Oregonians pay this bilk for "Real Americanism." But it is not Americanism to take away the right of the parent to control the education of the child.

They propose that we pay this bill to have "Compulsor". School." But we actually have compulsory school right now under the present law.

Be not deceived. What this burden of added taxes will go for is an experiment in education along communistic lines---the substitution of state monopoly in education for parental guidance. Russia is trying this experiment. Let us profit by her failure. Let us maintain our democratical control of the control of racy and save millions of fallars.
