The Vernonia Power Company will furnish juice from our harnessed water power to industries for many miles through the busiest valley in Oregon.

Weaver Clark informs us that he is going to put in a Laundry that will meet the demands of Vernonia, and he is going to Portland this week to invest in a new mangle and other paraphanelia necessary. We need it.

Local Teachers Institute will be held in the Grade School Building at Vernonia, on Saturday, Dec. 2. Meeting called at one o'clock. This includes all of the upper Nehalem Valley and a splendid program is being arranged. The public is invited and it is hoped all Vernonia school patrons will attend.

The East Side of the Rock Creek bridge, an exceedingly desirable Resident part of Vernonia, will soon be a continuation of the business district, as well as resident. Several splendid business enterprizes are now located there and several more are contemplated and being figured on. The Main street of Vernonia will eventually reach from the depot to beyond the Grade School.

Vernonia High School

ALICE ENYARTS, Editor

Stop, Look, Listen! Don't forget the play, "A Case of Suspension" and the Pie Social. Everyone is invited. Nov. 24, on Friday.

The Union High School expects to give the city several thrilling basket ball games. The boys that have turned out for practice give promise of a team that will reflect credit on our school. Rah! Rah! Boys.

The Literary Society of Vernonia High is concieted enough to think its programs very interesting, Wont you please call and see if there is'nt some grounds for conciet?

To all the school from the Fresh, to the Faculty, the Gym is a source of much enjoyment. The girls expect to practice hard this year and next year to give the boys a run for their money.

Class meeting notices are continually occupying the blackboard, Everyone is coming thru with their dues, It certainly shows good school spirit.

The Union High School thanks Mr. Robinson the editor of the Eagle for his hearty support of our school notes.

The Senior Class has picked out its annual play. Ann rates rates will be given to all the student body.

One thing which Vernonia needs is a good sidewalk from town over to the new High School buildidg. Everyone in town who went to the dediction of the building a week ago last Thursday complained because of mud they encountered in getting there. If Vernonia can afford a new school building surely she can afford a sidewalk.

Murder! Help! Moans, Groans. The Sophomores, are planning a hearty reception for the freshman, the Sophs. plan on initiating the Fresh. and the Fresh. are planning on initiating the Sophs. First aid to the defeated and congratulations to the victors. Perhaps we shall get a chance to initiate the emergency hospital into all this initiation.

Basketball practice will begin in the gym as soon as the walls are boarded and screens put over the windows.

The students are having trouble in arranging the stage in preparation for the play Nov. 24

WANT BETTER MAIL SERVICE
AND BETTER POST OFFICE
BUILDING IN VERNONIA

Citizens generally are disgusted with the chicken coop affair known as a post office in Vernonia. All want, including the postmaster, of whom there is no kick, a much larger building. This city has grown in a few months from an inland village of 300 people to a city of 1000 and the post office building has been outgrown many times. We demand a lobby at least 14 by 24 feet and the present box is about one-third that size. To get the mail, a line, similar to a bread line at a soup house, is formed out in the street for hours after mail arrives. We have trains now, a regular railroad, and we should have mail brought in by train. We also want and believe it possible to get mail on Sunday and mail going out on Sunday. A Portland morning paper we don't get until 3 p. m. and Portland only 45 miles away. Uncle Sam will, we believe, rent for a number of years, at a fair rental, a building large enough to accommodate the post office business of Vernonia, which is growing larger every week. Some one will have to ask for it. There are men now ready to build such a building to rent. We need more room, three times more room and we need more regular lock boxes. The postmaster favors it, we are sure. Won't the proper officials please take notice, and answer the pleas of hundreds of patrons?
