The Christmas number of the Eagle coming out December 19, has promise of being a good effort on the Special Edition line. We would advise gift buyers to wait and read the special Christmas bargains that will be found in that issue, as already we have had three full page and four half page advertisements spoken for. We intend to make it a good paper for one to keep and to send extra copies to your friends living elsewhere.

Give your paper any communication that you may have for the interest of the public or the community. It is your paper. The Eagle is for the people in every sense of the word—it wants your opinions, and we are interested in the city's welfare. No time for jealousies or for chronic kickers. We believe in building and working for the people as a whole. Every minute for the builders and progressive spirit, not a second for the delay or doubts. We have a city that is using the tugs and no use for the hold-back straps.

## OREGON NEWS NOTES OF GENERAL INTEREST

Principal Events of the Week  
Briefly Sketched for Information of Our Readers.
