### Knowledge Begins Where Believing Stops

Many pains and aches are due to a wrenched spine or skeleton.

Don't tell the doctor where you are suffering. As a Spinologist he is trained to locate your weakness. Let him tell you.

A straight Chiropractor is one who adjusts the spine with his hands.

Dr. Breitling is both a straight Chiropractor and Spinologist, having had 15 years of active practice in Portland, Ore., and thousands patients to his credit. He is an able man.

Bells, guns and a few yells at  
midnight told us that a New  
Year had arrived. Several  
"Watch Parties" were held in  
the community, and on Monday  
night a large crowd attended a  
dance. A good time was report-  
ed and the year properly herald-  
ed in. Now let's get to business  
and make the year everything  
we hope for.
