How do you pronounce the name of the new President of Poland? It is spelled Wajciachowste.

He saw an advertisement that read, Jugs for sale: \$5.00 per doz. f. o. b. He thought the letters meant "full of booze," and now he's madder'n a wet hen.

How to regulate the radio problem is the worry now. The various transmitting stations get their jazz music and sermons and concerts and what not simultaneously on same wave lengths and confusion results. It is annoying when one is listening to Bryan's Prince of Peace to have the paragraphs sandwiched with Pumpkin Center hilarity.

DID YOU EVER STOP TO THINK—

THAT if your city is in need of more mercantile establishments of any kind—ADVERTISE!

THAT if you want any more farmers or homeseekers to locate in your community—ADVERTISE!

THAT if you can offer any special advantages as a desirable location for factories, branch plants, etc.—ADVERTISE.

THAT your section will attract greater attention today than ever before if you—ADVERTISE.

THAT the directing heads of manufactures, investors seeking profitable outlets for capital, as well as those on the outlook every day, looking for opportunities. ADVERTISE.

THAT the best results from any kind of advertising are obtained by "KEEPING EVERLASTINGLY AT IT"—ADVERTISE.

THAT no matter what you have to sell, the columns of the newspapers will fill your needs in the surest and most economical way.—ADVERTISE.

THAT if you want increased business—ADVERTISE.

THAT most newspaper readers are boosters. They pass on everything good, whether found in editorial or advertising pages. ADVERTISE.

E. R. WAITE,
Secretary, Shawnee, Oklahoma,
Board of Commerce.

Party Change Regulated.

A bill by Representative Kuehn to prevent changes in registration from one party to another within 30 days of a primary election, passed the house with only slight opposition. Among the eight democrats in the house only two voted against the measure and there was but a scattering of republicans in opposition to it. The house also passed the bill introduced by Representative Hesse of Washington county, doing away with all the sections of the Oregon laws which provide for the taxation of all dogs within the state.

LOST—Two hounds; one white and tan and one black and tan; about medium size. Dogs lost Thursday, January 4. Finder please notify C. F. London, Mist, Ore.

The speed cop who brings disrepute upon his community by making arrests simply in order that his own income may be increased through getting a percentage of the fines assessed, may become a thing of the past, if the senate approves a bill passed by the house. The measure prohibits the splitting of fines or payment of fees out of fines to officers making arrests for violation of the speed laws. It covers officers of any city or county and the state itself.

Under a joint house resolution introduced by Representatives Blowers and Jackson, a constitutional amendment would be submitted to the voters providing for the election of a lieutenant governor at the general state election at which a governor is elected, and meeting the same qualifications.

Medical Examination For Both Sexes.

Men and women applicants for marriage certificates would be required to pass both a physical and mental test under the terms of a bill introduced by Mrs. C. B. Simmons of Multnomah county. Failure to pass this examination would preclude the issuance of a marriage license unless one or both parties submitted to sterilization. The bill would require the mentality of at least a 12 year old child to permit granting of a certificate.

A proposed law that will have the support of the farm bloc in both houses has been introduced by Senator Brown of Marion county. This bill provides that producers of farm and agricultural products shall be exempted from the authority of any so-called peddlers' license law that may be imposed by any incorporated town or city in the state.

Election pamphlets would be done away with completely and newspaper publicity substituted in their place for the advertising of measures, amendments or candidates going before the people at an election through a bill introduced in the senate by Senator Tooze of Clackamas county.

Mrs. Nell Gillette, of Echo Oregon & Mrs. J. W. Brown are soon to begin building two new cottages near High school.

THINK THIS OVER

"The codfish lays a million eggs,
While the helpful hen lays one;
But the codfish does not cackle
To inform us what she's done.
And so we scorn the codfish coy,
While the helpful hen we prize;
Which indicates to thoughtful minds
That it pays to advertise."

When she eats grass and then chews her cud, that's cow. When banqueters eat food and then chew the rag, that's bull.—Capital Journal.

Every now and then the thought occurs that it is lucky the Near East is no nearer.

EMPLOYMENT MEANS PROSPERITY

Lumber production has been maintained at record figures for some months. As a result unemployment has been avoided in Northwest states.

It is well to remember that prosperity comes as a result of operating industries and steady employment of labor.

The radical politician or labor agitator who would cripple industry, strikes at every family.

"DON'TS" IN USING ELECTRIC EQUIPMENT.

Don't leave the electric flatiron connected to the circuit and go to use the telephone, visit with the neighbors, or to call at the grocery. It costs \$100 for the fire department to make a "run" even for a smoking ironing board.

Don't use paper shades or other inflammable materials for decoration about electric lamps.

Don't use lamp cord wiring in your homes. It is unsightly and unsafe.

Don't permit "the handy man" nor the incompetent workman to do your wiring.

Don't forget that good, competent workmanship and first-class materials used in the installation of electric wiring make the best job.

Electricity is your greatest and cheapest servant—give it a chance to do its best work.

FOR SALE: Mitchell Six; 5 passenger, cheap, \$345. New paint, just overhauled.

R. Shanks, Keasey 2t

Canned Goods of all Kinds at
LOWEST PRICES

—AND—
