A large territory to draw from.
49 miles from Portland, 35 miles from
Forest Grove, 27 from St. Helens.
Many opportunities in Vernonia.
Best hunting, trapping and fishing in
the Northwest.

Ye gods and little fishes! Bede and Hoss have designated "Friday, July 13," as opening day for the State Editorial Convention at Hood River. Actually want us to start up the icy sides of Mt. Hood on the 13th. A deep cunning plot, but "we're game"

Several Vernonia grown-ups are foregoing the pleasure of radio because they are too proud to ask the little boy next door how to fix up an outfit.

Portland beat us to it in announcing a Fourth of July Celebration. Their main attraction it is hoped, will be a visit and speech by President Harding. Vernonia holds her big "Vernonia Day" celebration in August as plans are set now.

Friday, the 3th had no terrors for Editor O'Connell, who launched a new paper at Garibaldi, the first issue being dated the 13th of April. It is an eight page paper chuck full of big ads. And good reading on the resources of his mill town. Garibaldi is coming to the front; it will make a city.

Abe Martin says: "We don't see how times could be any better. Everybody's makin' money, everybody's dolled up, everybody's got a car an' nobody's workin' if they can help it."

Rainier has one of the nice auto parks of the state with a lot of new work just completed on it. They charge twenty-five cents a night for campers. It has proven a great thing for the business men of that rustling city and it will be better this year than ever.

A new paper is being established in St. Helens by Mr. Flagg. Editor Flagg published a paper in St. Helens nearly forty years ago. He is a good newspaper man and here is wishing the new venture success. St. Helens has mighty good paper now in the St. Helens Mist.

Jack Dempsey, heavyweight Champion of the world, has gone in the coal mining business on a larger scale. He has purchased a controlling interest and has been made President of the Great Western Coal Mines Co., headquarters at Salt Lake.

When man's stomach works harder than his hands, everything will become a bore to him sooner or later.

It takes a woman's intuition to grasp the difference between two dollars and \$1.98.

Murders, suicides, dope parties, liquor parties, joy rides, low and high dresses, red paint, Jazz, smutty magazines, flappers—all going the route that kills. Vice Suppression Societies Moral Squads, New Parties, Long Sermons on the speed and carelessness of the times is accomplishing nothing except soft jobs for professional reformers. What is needed is a barrel stave in the hands of the parent while the children are in their teens and a strict enforcement of the curfew law, with less money for youngsters to spend.

A disgruntled, discontented, roving class of our population always pick the most prosperous time to spill their rotten propaganda. The conditions all over America today are good. There is plenty of work and wages are on the advance. A question never answered is why don't people leave the country if they don't like it. Now the ever undesirable class of I. W. W. members are pulling a strike. This bunch is composed mostly of ignorant foreigners led by a few smart ones who stay idle and get the money. We sometimes think the laws are too kind, or the jury too easy, with this "free speech" and allowing the Red Card trouble makers so much liberty. The minute one of them gets into serious trouble he looks to this country that he hates for protection—and he gets it. Stop the I. W. W. agitators by nipping in the bud their plans before they are put into action.

Many a large man physically is so small mentally that he could rent the rest of his skull for a ball room.

Calmness in success is fine, Grit when losing's finer; If you can't a winner be, Do not be a whiner.

More people are leaving tire tracks than footprints these days.

Europe must have had a tough time, before Columbus discovered us.

The meanest man in the world is the one who will do you dirt and then apologize before you have time to tell him what you think of him.

A Vernonia dumb-bell thinks that the Rock of Ages was the great Californian earthquake.

Lots of men who claim to have come from fine families appear to be a long way from home.

THE Catholic CHURCH

Its Purposes, History, Teachings, and Practices will be Presented for Investigation by the Public in a Series of

FREE LECTURES

To be delivered at the ROSE THEATRE by CATHOLIC PRIEST, THE REV. JOSEPH P. CLANCY

Chaplain U. S. Army During World War

You Have Always Wanted to Know the Facts About It Here Is Your Chance

Anything Which May Not be Explained During the Lectures You Can Find Out Through the

QUESTION BOX

You surely have several questions you would like to ask about religion in general or the Catholic Church in particular. Put them in the box. They will be answered courteously.

PROGRAM AS FOLLOWS:

Sunday Night, April 22—"What the Catholic Church Is and Is Not."
Monday Night, April 23—"Does It Make Any Difference What You Believe?"
Tuesday Night, April 24—"Who Was Jesus Christ?"
Wednesday Night, April 25—"Catholic Church Existed Before New Testament."
Picture show precedes this lecture which begins at 8:30.
Thursday Night, April 26—"Confessing Sins to a Priest."
Friday Night, April 27—"The Duties of a Catholic."
