

Vernonia ---Prosperous, Busy, Building Fast--- An Industrial Center. Best Inland City in Oregon.
Anniversery and Festival Week. Trade at Home

To give the People of Vernonia and vicinity an opportunity to see the splendid manner in which the Merchants of Vernonia are prepared to supply their every need for fall and winter, we have arranged to hold this Festival and Trade at Home Week. During this event many stores in Vernonia will have on display for your convenient viewing the merchandise in which it specializes. It will prove especially worth your while to come to Vernonia during this and next week, for in every store you will find special values in articles that you will have to buy soon and which you can buy now at appreciable savings. Announcements of many of these specials appear elsewhere in this issue. Plan to come.

In Vernonia Everybody Works and Building your own home is a habit here.
