Vernonia Brazing and Machine Works ROSE AVENUE WEST OF DEPOT

\$2.00 PER YEAR

After March 1st the subscription price of the Eagle will be \$2.00 a year. All the weekly papers are \$2.00. They can't exist any lower. Rainier, St. Helens and Clatskanie each charge \$2.00 per year, and the Vernonia paper

is as good as any of them and Vernonia is as good a city as any of them. Until the first of the month our subscription will remain \$1.50. One can pay for as many years in advance at that price as they wish, or you can pay whether your time is up or not, the full credit from the

time of your expiration will be given you. But after March all subscriptions sent any place in the U. S. will be \$2.00 per year. No use for us to go into details and tell you how high paper is, how high the interest and insurance is on a \$10,000 plant, how high rent is, wages, and the many

articles connected with a modern printing office. We are trying to keep up, and to boost the Nehalem valley and to give Vernonia as good a paper as possible. The Vernonia Eagle, as other papers, is \$2.00 a year in advance.

Vernonia's main street surely needs something. It should be paved. Anyone having a solution to the problem is at liberty to speak, but don't all speak at once.

Speak well of Vernonia, it helps your business.

A "GOOD TURN" ON THE FARM

"Whenever, wherever, whatever" sums up opportunities for a boy scout to perform the daily good turn. A boy living at an inconvenient distance from a troop can join the movement as a pioneer scout and record his advance in scouting direct with the national council. Many pioneer scouts have achieved remarkable and inspiring records in various branches of scoutcraft.
