Keeping Your Car "Up" is the Safe Way

A regular inspection of your Car is the only safe plan to follow. Then at the first sign of wear or weakness the cause may be remedied at a small cost and your Car will always be safe to drive. Drive in and let us inspect your Car today—the cost is not much. We are agents for the STAR CAR. Let us demonstrate it.

VERNONIA BRAZING & MACHINE WORKS

THAT'S WHAT I CALL REAL

LUMBER

It's the kind it pays to buy, too, for even if the first cost is a little more than the cheaper grades, the extra labor required in using cheap lumber more than makes up the difference. The completed job is also much more satisfactory when good quality lumber is used.

NOTICE

Bids will be received by the undersigned for wood to be delivered at the High School building by September 15, 1924.

Bids for One Hundred and Ten (110) ricks of twenty-four (24) inch wood and also for sixty-five (65) cords of four (4) foot wood, of good sound fir, is asked for, and the bids must be in by four o'clock on July 7, 1924.

The Board reserves the right to reject any or all bids.

By order of the Board of Directors of Union High School District No. 1, Columbia County, Oregon.

Dated at Vernonia, Oregon, June 23, 1924.

By F. E. Malmsten,
Clerk, pro tem.

COST OF THE NAVY

According to data prepared by the Director of the Budget of the United States but 9.23 cents of every dollar of federal (i. e. national gov't.) taxes is used for the maintenance and upkeep of our navy. In fact the entire military branch of the government, including the army, navy, pensions, retirement pay, annuities, World War allowances and life insurance claims takes but 37.32 cents of every federal tax dollar.

This data is based on the budget estimates for the fiscal year 1925.

The total estimated expenditures for the navy for 1925, for which the estimated appropriation has since been reduced by Congress was \$311,020,050. While this sum is large when considered by itself it is less than one-tenth of one per cent of the National wealth. When considered as insurance against war the cheapness of the premium is well worthy of consideration. When considered as an investment for the development of foreign trade and commerce the amount seems meager for foreign trade of the United States for 1923 totaling \$7,959,884,333, of which \$3,791,938,013 was imports and \$4,167,946,321, exports.

It is interesting to note however, that only 31.4 per cent of the imports were carried in American merchant ships which carried also 38.4 per cent of the exports.

CELEBRATE AT HOME JULY 4 AND 5

Mr. and Mrs. Kingsley and Dunbar Burdick of Redmond, Oregon

spent Sunday in Willamina visiting much as they need their city? Their success depends upon the success of the home city.

DID YOU EVER STOP TO THINK

By E. R. Waite, Secretary, Shawnee, Okla., Board of Commerce

That a whole lot of cities have a bunch of men who seem to be suffering from "brain fatigue?"

That a civic revival should be held for the ones who kid themselves into believing they are home city boosters, and then fail to come to bat when called for duty. A little pep is a good tonic for their laggard minds.

That their city needs them just as

That the home city needs the aid of every citizen if she is to feel the thrill of greater progress?

That the laggards must come alive and join their fellow citizens in consummating every project that is for the good of their fair city?

That they should not wait? NOW is the time to grasp the opportunity that is before them. They should not let the door of opportunity close.

In making of a greater city, obstacle after obstacle will come up to be solved? The help of every citizen is needed, and they should give it and give it fully.
