

NEW STORE

IN VERNONIA

On Saturday, November 22nd, we open at Vernonia, Oregon, a new and modern food store and market, located next door to the new Bank of Vernonia on Bridge Street.

Folks of Vernonia and vicinity will find in this new store a big improvement over the average store in arrangement and systematized business methods, and are going to be very agreeably surprised at the saving in all popular and well known food commodities the real cash chain store can effect.

SKAGGS UNITED STORES

Are foremost in the Pacific Northwest as food chain store operators owning and operating stores in eight states. We handle well known and advertised brands of merchandise, and sell them on a money back guarantee. We make tremendous saving on the purchase of vast quantities of merchandise for cash; save on our operating expense by a system of group buying, accounting, etc.; save again when we sell our merchandise at the store for cash in the elimination of book-keeping, lost accounts, forgotten charges, delivery, and all those unnecessary things which the average store is burdened with.

And this saving is passed on to our patrons in the form of lower prices, prices discernably lower to the person who is posted at all.

In a sentence: this new store is the solution of the problem of "How to reduce your household expenses without sacrificing either quality or quantity."

May we have the opportunity of showing you?

Mist Garage

Only results can win such a record!

IN 1923 a group of tire experts from the East began manufacture of a tire that was to represent their combined lifetime experience.

No pains were spared to make that tire the most worthy tire on the market in material, workmanship and actual service in mileage.

Their massive non-skid treads affords surprisingly long wear and safety!

Today that tire is the best selling tire made in any exclusively Pacific Coast factory. It is the C-T-C!

We are proud to represent the C-T-C tire in this town. Stop in and let us put one on your car.
