### NATIONAL FORESTS BRING IN OVER \$5,000,000

Portland, Ore., Nov. 10.—Receipts from National Forest resources during the fiscal year ending June 30, 1924, totaled \$5,251,903, according to the Department of Agriculture, as given out today by District Forester Geo. H. Cecil.

The State of Oregon stands second in total amount of the 25 per cent fund received for roads and schools, with Washington sixth. The 22 National Forests of Oregon and Washington brought in \$1,004,843.96 last year.

The total amount taken in by the Forest Service from all the National Forests is \$84,000 less than the receipts for the previous fiscal year, but is 840,000 larger than the average annual receipts of the preceding five years.

Sales of timber and livestock grazing permits were responsible for most of the money received, \$3,036,395 having been paid for timber and \$1,915,561 for grazing permits. Permits for the use of National Forests lands for summer homes and other forms of special use, including water power, brought in \$299,946.

**Money for Roads and Schools**  
Under authority of the acts of Congress governing receipts from National Forest resources the sum of \$1,346,353 will be paid to the States containing National Forest lands for the use of the school and road funds of the counties in which such land is situated. In addition, the sum of \$520,793 derived from Forest receipts will be expended by the Forest Service in building roads and trails within the Forest areas under what is known as the 10 per cent fund. Other road funds are provided by special appropriation.

With the exception of these sums, amounting in all to \$1,867,092, the balance of the receipts—\$3,384,811—will be paid into the general fund of the U. S. Treasury.

The amounts the various States will receive for county road and school funds are calculated on the basis of one-fourth of the total receipts from National Forest resources within each separate State. The funds for roads and trails within the Forests are computed on a one-tenth basis.

**Twenty-eight States Share**  
Twenty-eight States and Alaska shared in the distribution of the two funds. Including both the sums to be spent on National Forest roads and trails and the sums payable to the various counties for road and schools California will receive \$434,889, Oregon \$247,721, Idaho \$184,277, Arizona \$175,014, Colorado \$125,280, Washington \$124,660, Montana \$115,901, Wyoming \$99,634, Utah \$81,466, New Mexico \$68,977, Nevada \$35,655, and South Dakota \$34,208.

Arkansas will receive \$23,002, Virginia \$13,276, North Carolina \$12,990, New Hampshire \$12,732, Minnesota \$8,726, Florida \$8,311, Tennessee \$4,659, Nebraska \$3,912, Georgia \$3,605, Oklahoma \$2,655, West Virginia \$1,292, Maine \$1,010, South Carolina \$569, Pennsylvania \$350, Alabama \$248, and Michigan \$41.

Alaska will receive \$42,720, a sum almost twice as large as the territory received last year, thus indicating a corresponding increase in timber sales from Alaska's two National Forests.

**OH, KEEP THE TORCH OF FREEDOM BRIGHT**  
By Mrs. J. F. Moser

Dear Sentinel beside the sea—  
Our symbol, true, of Liberty,—  
Oh, keep the torch of Freedom bright  
Hold forth the light! Hold forth the light!

Chorus:  
O Liberty, sweet Liberty,  
Our fathers bled and died for thee;  
Then leave us not, oh, we implore,  
Abide with us forevermore!

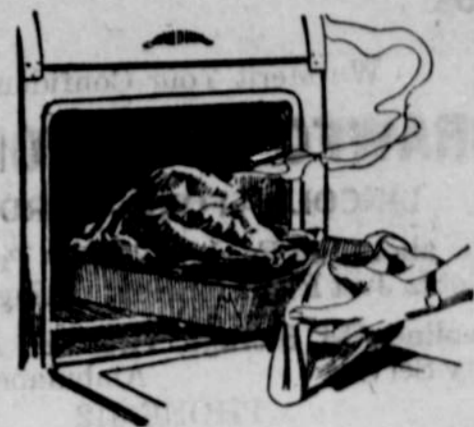

Oh, may this spark of freedom shine  
In every heart, with light divine;  
And may we all take careful heed  
That we are free, are "free indeed."

Oh, may we all be really true  
To our dear flag—red, white and blue;  
And never bow to church and state,  
But unto Him who can create!

Next place of interest to attend for pleasure as well as profit is the Sale and Bazaar by the Ladies Missionary Society on the 25th. It will be held in the new Gilby Motor Co.

Clearance Sales are being advertised in city and county papers. At this season of the year one can pick up bargains by reading the ads—but patronize home.
