And it is an even greater pleasure to have the privilege of wishing you all a Happy and Prosperous New Year. With new year ahead of us we can plan to so live that both ourselves and our community will be better for us having lived. Again with best wishes for your great happiness and prosperity during the coming twelve months.

## Have You Ever Considered

that bread is your best and cheapest food? From what other food do you get the same real satisfaction and nourishment that you do from a ten-cent loaf of bread—MOTHER'S BREAD.

Only the finest ingredients enter into the making of MOTHER'S BREAD—the finest hard wheat flours we can buy, pure salt, cane granulated sugar, etc., all of which ingredients contain those elements which are so essential to bodily vigor and good health.

And have you considered that with the present high cost of flour and lard it is cheaper to let us do your baking for you and so much less work, worry and bother.

Form that good habit and buy MOTHER'S BREAD—ask for it by name at your grocer or direct from us.

And don't forget that we carry a full line of dark breads, Whole Wheat, Graham, etc., which are good for you—have at least one kind on your table always.

SPECIAL—Every Saturday we have Cream Buffs filled with real Cream—they are delicious.
