ON THE MOVE

Like the "standing army" that "just stood", goods are expensive luxuries to any merchant.

ADVERTISING is the force that moves slow sellers from counter to customer. Every advertisement is a salesman of proven ability, reaching every class, creed and sex in the community.

The set-up of an Advertisement is as important as the dress of a salesman. In the Eagle special attention is given to Advertising set-up. In our columns.

MUSICIANS WANTED FOR U. S. ARMY BAND IN CHINA

The Recruiting Officer for the Portland, Oregon Recruiting district in the Railway Exchange Building, has been recently authorized to make enlistments for the 15th Infantry Band in China. This is considered a very choice assignment for several reasons. In the first place the American Forces in China are (in effect, a Legation Guard stationed at the American Barracks in the City of Tientsin. Most of the leading countries of the world keep troops there also, each in their own quarters or section. For instance the French are in the French quarters and the English in the English quarters and the Japanese in the Japanese quarters, etc.

Living conditions in China are very reasonable—much cheaper than in this country, and on top of that one dollar of American money is worth \$1.7 in Chinese money. This price of exchange fluctuates of course. The pay per month for Army musicians range from \$21 to \$126 per

month during first enlistment to this must be added the value of rations, clothing, quarters, instruments, light, heat, medical and dental attention, etc., which is estimated to be equivalent to an increase in the monthly payment of from \$50 to \$75 or more.

Men in Army bands have no military duties to perform other than that of playing an instrument—straight musical duties which usually consist of about three concerts per week and one dance which the orchestra mostly plays. Of course, they do more or less practice on their instruments, daily.

Men who play the following instruments are wanted: Saxophone, Clarinets, Base Drum, Cornets, Bassoon, Bass and French Horn. It is also desired that several of these men would be able to double on the violin.

C. F. Andrews, Recruiting Officer

AUTOCRATS OF FASHION

Who are the autocrats of fashion, and by what authority do they foist their silly and ever changing designs on the unwary populace? Think of the dainty shoes with church spire heels, which send forth the fair sex to perambulate around on their toes. No wonder lorns, bunions, rheumatiz and yaller janders are on the increase. They are doubtless designed by some horrid man. Maybe he is a woman-hater. Anyway it is high time to throw off the yoke of slavery.

The nagain, think of the ado made about table manners. Who is the autocrat that tells the world "ya can't eat pie with yer knife"? Who authorized this dastardly infringement on human liberty? Think of the tyranny of submitting to the arbitrary dictum of discarding the safe and sane dull case knife and eating soup with a spear tined fork. Away with this cheap culture. Give us liberty or we'll eat with a spoon.
