OUR NEW YORK BUYERS HAPPY

Happy over the many exceptional good buys they have made since they arrived there three weeks ago. They wired us this week that the cream of the New York Market is now on its way to the Miller's Chain of Stores. New goods are arriving daily, some are now on display in our windows. We extend a cordial invitation to our customers and friends to call and inspect the New Spring Merchandise as they arrive.

Always Think Miller's

When you think of the Miller Mercantile Co., we always want you to think of us, not as a cold, inanimate Corporation, but as a throbbing, pulsating institution.

Here courtesy, square dealing and hearty accord are identical with the utmost the dollar can buy in this, or any other community where our stores are located. We never sacrifice quality for price.

MILLER MERCANTILE COMPANY

VERNONIA'S LEADING STORE

"See Hoffman About It" Before You Do Another Wash DO THIS

Ask for a MAYTAG GYRA-FOAM WASHER to do it with. No obligation at all. Undisputedly the world's leading washer—you must have heard about it. Women everywhere are talking of its wonders: 50 lbs. of dry clothes an hour—a tubful of linens, silks, woolsens, spick-span in half the time required by any other washer—never a bit of hand rubbing needed, even on wristbands or collars.

Not a dolly, oscillator, or any type you're familiar with—but an entirely new principle—years ahead. Its results will amaze you.

Don't fail to try it—next washday or sooner if you wish. Phone immediately.

Locals

Water and Wood—Pulp Mill needed—Vernonia.

A. L. King, of Hillsboro, was a pleasant caller this week. Mr. King was visiting with his daughter, Mrs. Ray Emmott.

Dr. and Mrs. Cole were among Auto Show visitors Sunday in Portland.

Mayor G. R. Mills couldn't resist the temptation and had to go down to see all those new model autos at the show.

The railways are entitled to a "legislative holiday". All signs indicate there was never a better time for such a truce, Philadelphia Public Ledger.

No Oregonian need go outside his State to find safe, conservative, interest-bearing investments. Several big Oregon public service corporations are extending their lines and interesting their customers to come in as follow-capitalists in developing the State; and their rates of interest are as attractive as their solidity is assured. Every dollar spent to extend these home industries, adds to the value of every home, every farm acre every business stand; besides paying its normal per cent interest.

Who else is one-half as much interested in Oregon as Oregonians themselves? Who else has the Oregonian's faith in the resources here? Who should reap the reward of development and courage, but Oregonian's?

Richard F. Grant, President of the United States Chamber of Commerce says: "The function of business is to

provide the material necessities of mankind—it is doing this, and more. Business today is rising to new heights; it has a conscience and a soul. Business today realizes that it must enter into the various community problems and it is helping to solve them. The hospitals, the research laboratories, the various other charities and scientific achievements are promoted and sponsored chiefly by business men. This is the answer to the oft-repeated charge that business is sordid, is not on the level."

D. W. Tyler is feeling like a spring chicken again, after being sick part of the winter and for some time in the hospital. Dan stopped in the office to look over our exchanges one day this week, and, as is his optimistic nature, he congratulated us on getting out a "good boosting weekly". It is the "bright side" nature of such men as Dan Tyler that helps make this old world a good place to live in.

"You're never going to marry Mr. Cashdown are you? Why he's twice your age."

"Oh, but he harmonizes so well with the antique furniture mother left me."

For new, up-to-date furniture, visit **J. W. Brown's.**

The Vernonia Post Office is doing a larger business each month. It has grown to be quite heavy. New help at the post office this week now gives us a force as follows. Emil F. Messing, Post Master and Chief, Orel T. Bateman, M. O. Clerk; Don E. DePue, Dispatching Clerk. No packages are too heavy to handle there.

FOR SALE—Silvertone Console Phonograph and 45 double faced records, all for \$60. Call at Dew Drop Inn.

If there is a local industry that a little capital might help put over, this is a good year to give it a lift.

FOR SALE—Thoroughbred Tankered strain White Leghorn Cockerels and Pullets. Cheap. On the Timber road 2 1/2 miles west of Vernonia. Mrs. R. L. Price.

Earl Lyle has been sick for several days with near flu.

Mr. and Mrs. J. H. Bush looked over the fifty designs and makes of autos at the Portland show Tuesday.

J. A. McDonald has returned from the hospital and is improving in health rapidly.

Mr. and Mrs. J. W. Brown and Mr. and Mrs. L. R. Gilchrist drove to Portland Sunday, taking in the auto show.

Several Vernonians were in Portland during the past week, taking in the sights of the big auto show. Now when you buy that new car, it would speak well of everyone if it was purchased at home.

A. W. Petersen was a business visitor in Portland Monday.

New Millinery Goods arriving at the Model Millinery. Come around the corner. Ladies see the new Hats.

We have a box on the printing office door in which local items can be dropped. Forms for each week's paper close Thursday mornings.

W. G. Alexander, showing his faith in Vernonia, is building two neat bungalows in the northwest part of town. Mr. Alexander recently sold his splendid home, and is building more. He has a couple lots for sale.

Mrs. North spent last week-end in Portland with Dr. and Mrs. Cole.

Mrs. Chas. D. White has returned from a Portland hospital, feeling much improved in health.
