*"from the Northwest's
finest bakery"*

Butter-Nut
the
bread
supreme

IT IS NOT NATURAL for superior work to be done with inferior tools. You have a right to expect superior bread from a superior bakery.

Indeed, there is just one natural reason for the existence of a superior bakery anywhere—and that is a dominating determination to make superior bread.

Visitors are always welcome at the U. S. Bakery, East 11th to 12th and East Everett to flanders streets. We are glad to have people see our plant and see how Butter-Nut bread is made—and it is really interesting to go through this bakery equipped to make "75,000 quality loaves a day."

The city of Vale, over in eastern Oregon, is justly receiving financial aid from individuals over the state to help them clean up after the big flood of last week. Some 4000 head of sheep and cattle were killed and the town flooded as the result of a breaking dam. State relief is asked for. This is a more than worthy cause, it is an emergency. It is far more important than is the case of a certain Portland Golf Club talking of seeking government aid in ridding the golf links of mice, so the women will not be afraid to play.
