**MR. PAUL ROBINSON.**  
Editor Vernonia Eagle.  
Will you kindly insert the below article in your next issue of the Vernonia Eagle.

The American Legion which is now composed of about 64 members, has its last meeting honored the new nonsense order of this post known as the "Flying Apes."

These Tarzon babies have furnished the Legion with beaucoup laughs and we only regret that we have been unable to install trapeze, so that our coconut eating brothers have been unable to swing back and forth while the meeting has been in progress.

Petite, McGraw, Smith, Schwab and Shields have obtained the highest degree of this order through their every lasting fun making and at the next meeting we intend to install Commander Carkin, who has long ago qualified, and brothers Happy Thompson who has now his application in for membership.

I suppose it because we are so near the border of these hugh forests that these Tarzon coconut sniffers feel their natural ancestral instincts come to the surface, and we intend to give this ancient order a banana and coconut party in the virgin forests just west of Vernonia, or at some ice cream parlors in town.

With this new order now formed it should be no triuble for this Post to furnish lots of amusement for Vernonia, and in the near future, Commander Carkin intends to put on a wild west show or carnival so that folks outside of the Legion can see these babies in action.

We have been seriously considering putting on "Uncle Toms Cabin," with the following members in the cast:

Happy Thompson as Little Eva.  
Kullander as Topsy.  
McGraw and Schwab, as the blood hounds.  
Guy Shields as Simon Legree.  
Carkin as Uncle Tom.  
Art Witteker as Evas Papa.  
V. Smith in charge of the ice cream on which Eliza crosses.  
Bealls in charge of the storms.  
Gene Shipman as Uncle Toms wife.

Think this play would be a great success and we would like to have the boys put it over the Top before long.
