**CATHOLIC CHURCH**

Mass and Sermon on the third Sunday of each month, at 11:30 a. m. Week day communion Mass to be announced. Jos. P. Clancy, Pastor.

Services in Lent as follows: Every Thursday night at 6:45 instruction of children. 7:45—Way of the Cross and Benediction with the Blessed Sacrament. Popular lectures on the following topics in the given sequence: Thursday, Feb. 26, "Is One Religion As Good As Another?" Mar. 5 and 12: "Where Did We Get the Bible?" Mar. 19: "Confessions to a Priest," Mar. 26: "The Catholic Church, the Bulwark of Society." The public is always very welcome.

Horrors of Bolshevism in Russia constantly being told. One of their slogans is "Away with God and down with the clergy." And to carry this slogan into effect hundreds of bishops and clergy have been murdered. Under Soviet rule, to get married, all that is required is simply a declaration, and in the course of twelve months a man is permitted to exchange his wife six or seven times. Men and women are robbed of their clothes in the streets and forced to walk home naked in several degrees of frost. Women are outraged mutilated and shot down in the streets and left to die. Thousands of people have died of starvation. This is only a few of the things as related by a person who managed to get out of Russia. And yet this is the kind of government that some crazy people in this country want established here, brought about by a lot of propaganda sent to the United States by the Soviet government. Every person who favors Bolshevism should be sent to Russia right away, and there they would soon find out what the horrible thing means. It is true that the question of divorce in the United States is causing a good deal of comment, but when men in Russia can trade off or swap off their wife about every two months, it can be plainly seen that the womanhood of Russia is reduced to slavery, to be bartered for like so much cattle.—Tillamook Headlight

**CATALOG HOUSE ACTIVE IN OREGON TOWN**

Of one mail consisting of fifty sacks, thirty-one were filled with catalogs from one of the country's largest mail order houses. This town is a live and thriving community recently enlarged by the advent of a large sawmill and as usual the mail order house is ready to take the lion's share of the business that its large payroll will provide. The local merchants are expected

to provide the taxes for the many civic improvements and to pave the streets for the customers of the mail order houses to use while taking their purchases away from the post office. A campaign has been started in this certain town among the business men to nullify the effects of this mail order business.—Southern Oregon Spokesman.

**SPRING'S SHOPPING TIME**

When the warm days of spring arrive, the people of this community just naturally want to buy things to wear, things to fix up around the house and different things to eat. It stands to reason that they will go to the merchant who tells them about his new spring offerings to supply their needs. Through the columns of this paper you can tell them all the news of your store in an economical and intelligent manner. Ask us to aid you in the preparation of your copy. Portland papers are full of big spring ads telling of spring arrivals, new goods, prices, style, etc. The same can be done in Vernonia, and we know money can be saved.

**W. C. T. U. COLUMN**

**ANTI-SALOON LEAGUE WINS VICTORY IN LEGISLATURE**

**Repeal of State Prohibition Commissioner Law Prevented—Laws Enacted.**

A small but determined minority of members of the legislature went to Salem with the intention of discrediting his State Prohibition Enforcement Law, and then repealing it. The Anti-Saloon League took up the fight, and with the advantage of the overwhelming public sentiment against the repeal of any prohibition enforcement law, and the strong leadership of the drys in the legislature, consisting of Senator Garland, chairman of the investigating committee, and chairman of the senate alcohol committee, Senators Eddy and Johnson, and Representative Hulbert, chairman of the house alcohol committee, it has come about that we are not only retaining our effective State Prohibition Commissioner Law, but have succeeded in very materially strengthening it. Senate Bill No. 209, an entirely new State Prohibition Commissioner Law, was enacted. Objectionable features of the old law have been eliminated and several new effective provisions added. The new law gives the State 50 per cent of all fines derived from violations of the prohibition laws, and the other 50 per cent goes to the counties, to be spent for the enforcement of the prohibition laws by the Sheriffs and District Attorneys. This new law doubles the amount to be paid to the state for the enforcement of the prohibition laws.

The blocking of the repeal of this law would itself have been a great victory, but the victory is broader by the enactment of this Prohibition Commissioner Law.

**The Following Additional Bills were Fostered by the League and Enacted into Laws:**

Senate Bill No. 73—Prohibits driving automobiles while intoxicated, or under the influence of intoxicating liquor. If convicted, the person is to be punished as follows:

- 1—First offense: If death is caused by driving while intoxicated, driver shall be held for manslaughter.
- 2—Minimum fine: \$100.00 and 60 days in jail; maximum fine, \$500.00 and 6 months in jail.
- 3—Driver's license shall be revoked for one year.
- 4—If any person drives without driver's license, he shall be fined not less than \$200.00, nor more than \$500.00, and be imprisoned in the county jail for not less than ninety days, or more than one year.
- 5—Driver's car shall be held in custody of the sheriff for not less than thirty days, or more than six months.

House Bill No. 164—Provides that any person who sets up or operates a still and manufactures liquors, shall be deemed guilty of a felony and upon conviction shall be punished by imprisonment in the penitentiary for not less than one year, or more than five years.

This will, without question, have a very wholesome effect upon the moonshiners in the State of Oregon. The passage of this bill alone would have been a great step forward.

House Bill No. 10—Places all dance hall operators under a \$500 bond, that they will conduct an orderly place, and compels them to close at midnight.

In addition to the above bills fostered by the League, we call attention to the following:

Senate Bill No. 209—Limits the amount of wine which can be procured for sacramental purposes. Heretofore there was no limit and there has been some abuse of this provision of the law.

Senate Bill No. 180—Prohibiting immoral conduct or profane language upon public highways or buildings.

There's a big difference in the speed of the average Vernonia man's car when he is bragging about it to a friend and when he is lying about it to a judge.

**SPRING**

**WHAT IS A JAR?**

We'll venture to say that every housewife around Vernonia thinks she knows what a Mason fruit jar is, yet we doubt if there is one who really does. How many know that a Mason jar starts in a quarry in West Virginia as common sand, to which is added soda ash, from Ohio; limestone properly ground, from Michigan feldspar from North Carolina. niter from the mountain deserts of Chile, anti-mony from Utah, cobalt from Canada and selenium from Montana. On top is a porcelain liner containing the above, as well as flourspar from Kentucky and cryolite from Greenland. This is sealed with a rubber band, and the rubber is grown in Paraguay. So you see it is pretty safe to believe that very few people really know what goes to make an ordinary fruit jar.

Advertising for Easter business is a most logical thing to do. Easter, throughout the centuries, has been a day for feasting and personal adornment. Everyone in this community will buy at least one thing for Easter, and they will naturally go to the merchant who tells them about his wares. The columns of this paper is the one best medium through which you can reach the buying public of

this territory. And we have the cuts and copy to aid you in the preparation of your advertising. Let us show you how we can help you.

For the past two months correspondence has been revealing the progressive development of the plans for Oregon month—March—in the hands of the Oregon Committee under the leadership of the Portland Chamber of Commerce, cooperating with other public bodies, and the Chairmanship of Mr. W. D. B. Dodson, the general manager of the Chamber.

**POSTERS ARE ISSUED**

Posters 18x24 inches in size will be placed in every station of the Northern Pacific, Chicago, Burlington & Quincy and Great Northern Railways, during the month of March. This means that such posters will appear in three thousand stations in the states of Illinois, Wyoming, North Dakota, South Dakota, Montana, Idaho, Washington and Oregon. In addition, the Oregon Committee will arrange distribution of such posters among the respective civic groups, banks stores, hotels, clubs, etc., in the cities and towns of Oregon.

They do say that more girls around Vernonia are painting their cheeks now than ever before. Well, fewer men are painting their nose.

**BACON**

For real nourishment and food value per pound, Bacon is the leading meat, at least so food experts tell us. And when it is cured to a turn, sliced thin and served crisp, it is delicious.
