### Maupin's Singing Band

Evening of Sparkling Entertainment Feature of Chautauqua.

Maupin's Singing and Novelty Band, one of the most unique organizations of stars ever seen on the Chautauqua circuit, will introduce vocal and instrumental music in so many novel forms that keenest enjoyment and amusement can be anticipated when the organization appears on the last day program. Costuming has been given deserved attention by the leader, William L. Maupin, but not allowed to overshadow the clever talent of the nine young men in the band, each a star performer. Maupin will be remembered as director of the famous Dunbar's White Huzzars, which proved a sensation with the public. In launching his own star organization this clever director has selected the "pick" of talent, the result being a diversified program that leaves nothing to be desired in the way of musical entertainment and distinct novelty. Each member of the band is a vocalist of ability, and each plays a different instrument. The organization is a successful combination of band, glee club and minstrels, giving liberally of music, song and comedy numbers of the most acceptable type. Novelty features in costume will be introduced.

# No Increase in the Price of Firestone FULL-SIZE GUM-DIPPED BALLOONS

The extra quality built in by the extra process of Gum-Dipping, the economy of these wonderful tires and the added mileage obtained from them during the past two years, has created such a large demand that over 75% of Firestone's mammoth production is now Balloon Gum-Dipped Cords.

This has greatly increased the total sales volume and the huge Firestone factories are now working on a 24-hour schedule to supply the demand.

This large volume, produced under the most economical tire manufacturing methods, permits Firestone to sell these extra-process Full-Size Balloons at no extra cost to car owners. And this in the face of greatly advanced cost for crude rubber brought about by the operation of the British Rubber Restriction Act.

Gum-Dipping means longer mileage—greater economy—at no extra cost to you!

Enjoy the safety, economy and comfort of Balloon Gum-Dipped Cords this summer. Let us equip your car now at low cost—with liberal allowance for your old tires.
