The Vernonia American Legion Post No. 119, now has a membership of 102, some increase since last Jan. 1st, when we had 17 members. Boys are talking of their trip to the state convention to Prineville, which will come in the latter part of June. The drum corp is doing fine; those who did not hear them blasting around town last Monday night, should consult the nearest ear specialist.

Commander Carkin is now working on Memorial Day program: in regards to the parade, etc., and the post is also getting their new flag pole installed near their club house.

Some ask what became of the "Flying Apes," the apes are still on the job, but this warm weather keeps them busy scratching. Comrade Schooley gave the post a scare the last meeting night by busting the doors off the hinges and shouting at the top of his voice that his pet soup hound "Boots" was missing in action, that is, he had not been home all night. A detail was formed to hunt said "Boots" this detail locating the pup in an alley along the main stem. Schooley, who wore one of them, "In the red necktie epidemic," which hit Vernonia this spring, claims that this red tie of his caused his hound to leave home.

Hindenburg did not receive the support of this post during his campaign for president of Germany.

Buy Shields was missing when it came to serve the chow last Monday night. Who put the salt in the coffee for sugar, yes who? Bill Folger sang "Madelon," in French last meeting night and some of the rookies in the main lobby thought that he was reciting the "Shooting of Dan McGraw" Bill said that he was singing French.

This post has received a citation from headquarters for going "over the top in members."

Initiation ceremonies will be held soon, for all new members; and the boys have been thinking up terrible schemes of torture for these victims so beware you new members.
