

Better Baked Goods

Day after day, and week after week we do nothing but bake, so isn't it reasonable to expect that with our capacity for buying raw materials we can do your baking better and more economically than you can? You can be assured of this—in all goods which you buy from us. You get only the best ingredients and our goods are made clean—we insist on that.

If you have never tried our Cakes and Pies you have a real treat in store for you and your family. They are different—they have that home-made taste because we take the time to make them as you would in your own home.

Hot weather is here—why worry and bother over a hot stove when you can get such really fine pastries from us at reasonable prices.

Step in and look over our line of goods—there will be no obligation to buy—we just want you to become acquainted with what your home bakery has to offer you.
