## DONATIONS TO AID SICK AND ORPHANS ARE EXPECTED HERE

**Every Community Contributing To National American Legion Endowment Fund**

This community is expected to give its share to the national American Legion Endowment Fund, as other communities throughout the United States are doing. The income from this Endowment Fund is to be used to assist and cure disabled former service men and to provide homes for the orphans and dependent children of war veterans, and the Fund, itself, is to be perpetual. A trust agreement provides that when death has wiped out the membership of the present American Legion, the income from the Endowment Fund shall be used for purposes most nearly identical to those for which it is needed today. The person then president of the United States will name a board to determine the use of the income. Every person, regardless of creed, is concerned in the welfare of those who gave their all in the world war. Especially is The Legion concerned with those thousands of war veterans who are sick and helpless, but who, because justice can never be made automatic, are unable to obtain government aid.

**Thousands of Sick Aided**  
Those who are familiar at all with The American Legion work, know what this great organization has done to aid the disabled. Cooperating with government agencies, officials of The Legion have made possible the hospitalization of thousands of sick and wounded boys who, had it not been for a helping hand, would have been lost to society long ago.

Other thousands need that same help today. Many of them cannot be given aid by the government under existing laws, and while officials of The Legion literally have written most of the laws to take care of the disabled, it is impossible to make legislation serve all.

Many illustrations could be given. Thousands of men have married since the war ended, when they seemingly were sound physically, but in reality were in a weakened condition from gas and exposure. They fell into the clutches of tuberculosis and other diseases, and in a few years have passed away, leaving their widows and children at the mercy of strangers.

**Good Home for Every Child**  
The Legion is determined that every child of a war veteran shall have as good a home, and a real mother's love, as that child would have had if his father had not died for his country. The United States Veterans' Bureau estimates there are 5,000 orphans of veterans in the United States today who need some degree of care. The Legion is maintaining one children's billet, now filled to capacity, where such dependent children are given good homes. Other billets are being established and will be in operation as soon as possible. In addition to this, The Legion cooperates with other child welfare organizations, realizing that every sincere effort to aid children is of value, and that the field for this endeavor is unlimited.

While under the care of the Legion the children attend public school, and live in cottages on the family group plan.

J. W. Brown has been doing considerable carpenter work the past week and is fixing one of the really nice homes of the city. Besides remodeling and enlarging the home, he has built a splendid large garage to house the new hearse.

Miss Winifred Mellinger, one of the teachers in the local public school, spent the week-end with relatives and friends in St. Helens.

**NATAL**  
The Natal grange held their meeting in their hall on Saturday night. Two new members were taken into the order.

Mrs. Alex Green and children are visiting with her nieces and nephew Hazel, Evelyn and Harry McMullen. Mrs. Green was a one time resident of this valley.

Miss Elsie Beerman of Portland is visiting here with her sister, Mrs. Loe Osburn.

Mrs. Burris, and Miss Beatrice Perry were afternoon callers on Mrs. Holding one day last week.

The school didn't close last week as stated, but will close Wednesday, May 27.

Mexico has a grasshopper plague. About the only one we've got left is the cross-word puzzle plague.

**AN INNOVATION**  
An innovation has happened! It took place in Rainier! Surely we have set a pace that is hard to beat!

When the Congregational church budget committee was preparing their annual budget this week, a item of \$100 was provided to be used for advertising in the local paper—the Review. Twenty-eight years in the newspaper harness, yet this is the first time a church has recognized the true worth of newspaper advertising and made arrangements for space at so much per.

Commencing this week this church will occupy space each week, valued at \$2.00, in which they will do their preaching, knowing that in so doing will be able to reach around 4,000 readers. The plan will be watched with in-

terest by other newspapers in Oregon and if success crowns the efforts of the Congregationalists in Rainier, it may be that here is a beginning which will be adopted by other churches.—Rainier Review.
