Officials of the U. S. Treasury say a dollar bill doesn't last as long as it used to. We found that out before the treasury officials did.

Nothing worries a Vernonia girl more than to start taking on flesh just about the time she has her first love affair.

ONE WAY IS A LIVE CHAMBER OF COMMERCE

DID YOU EVER STOP TO THINK

—By—
E. R. Waite, Secretary, Shawnee, Okla., Chamber of Commerce.

That is the time to step on the gas; catch up with your city boosters and stay with them. That your city is a city worth boosting. There is a permanence behind it that will push it forward. It will go faster with your help. That the ceaseless driving of insatiable ambition will bring it quickly to the front. That your boosters with active brains and stout hearts are the men who will pave the way for its future greatness just as their forefathers built it from the wilderness. That the opportunity is now before every citizen to join them, grasp their out stretched hands and help them to lead the city on to greater prosperity and development. That you who may not be strong in the faith you who are hesitating, you who are doubtful, you who say, "It can't be done," and quit before you start should stop and think. Your city will be just what your citizens make it. You can be prosperous only when your city is prosperous. If you and your fellow citizens do not work and work hard to make better business for your city you will not be prosperous, neither will your city. No influence can hinder or retard the growth of a city whose citizens have installed into them a spirit of progress. The spirit of progress is the force that will move ahead and bring a complete victory over any and all obstacles.

EAGLE FEATHERS

One beautiful thing about most of the songs they write nowadays is that they don't last long.

It's pretty safe to be that wghtn saying "Now, don't tell anybody" that she hasn't been complimenting anyone.

Dimpled knees won't lead any more men astray than did the styles when we saw less and thought more.

Stretching the imagination is a poor way to find out if you can make both ends meet.

Most of the big jobs are held by men whose neighbors once predicted they wouldn't amount to much.

Truth is stranger than fiction—and this day in time it is a lot more decent.

We recently heard of a little Vernonia boy who said that the reason they called a fellow the best man at a wedding is because he is better off than the one that's getting married.

We've always noticed that the telephone company gets numbers right when it sends out its bills.

The majority doesn't always rule. If it did the locomotives would have to stop at every crossing for the flivvers.

Our advice to every married man in Vernonia is to give the wife her own way. Then you'll save her the trouble of taking it.

If Dawes can get the Senate rules changed it will make it a lot easier for congress to pass a lot more laws we don't need.

Westerners know what a tire should be,

ONE glimpse of California, or Oregon, or Washington, or any Western state proves that the West is the motor ground of America!

California, for instance, leads New York and every other state in registration of passenger automobiles!

A group of successful Akron tire engineers caught a vision of the opportunities in the West. Its vast resources and possibilities for growth appealed to them.

Digging into the facts, they learned that 30 per cent of the nation's tires are used west of the Mississippi. And only 3 per cent were made there!

They transferred their skill and resources to the West.

Their C-T-C Cord today is regarded as one of the three or four really fine tires in America. Nine western states give it a remarkable sale. Farther East its good name is rapidly spreading.

We shall be glad to give you expert information about your tires, and — if you need them — put on C-T-C's — either balloons, semi-balloons, heavy-duty cords or oversize cords!

SERVICE! -:- SAFETY!

We constantly strive to be of service to our depositors and welcome the opportunity to discuss your financial problems. This part of our service is of little value unless you take advantage of the opportunity offered.

During our daily business transactions, we naturally meet conditions and receive information on financial matters that might be of great value to you. Your business with us is always considered personal and you may be assured that our consultations with you will be held in strict confidence. Discuss the small matters as well as the more important ones. You may think it unnecessary but what is often considered a small matter may turn out to be most important. This is but one of the many ways we can serve you.

The major policy of our bank is 'safety.' Various Banking Laws are in effect to maintain solvency. However, we do not stop here, your funds, placed in our keeping are surrounded by every known safeguard both human and mechanical.

BETTER LAUNDERING MEANS GREATER JOY FROM LINENS

If you own good table linens you have a right to be particular how they are laundered. Also to feel proud of them, as there is nothing more beautiful than linens of good quality, properly laundered.

In our laundering of table linens, pure soft water, mild soap, churned into billowy suds, are our only cleansing agents. Frequent rinsings make them white as snow. No wringing. The water is thrown out by a whirling process which does not wear, tear nor squeeze the linens.

The ironing is done by gentle pressure between padded rolls, heated by steam. No scorching.

Results—snowy whiteness—satin smoothness—a pleasing richness of appearance.

Send your linens to us regularly and you'll get maximum joy and service from them.
