BETTER LAUNDERING MEANS GREATER JOY FROM LINENS

If you own good table linens you have a right to be particular how they are laundered. Also to feel proud of them, as there is nothing more beautiful than linens of good quality, properly laundered.

In our laundering of table linens, pure soft water, mild soap, churned into billowy suds, are our only cleansing agents. Frequent rinsings make them white as snow. No wringing. The water is thrown out by a whirling process which does not wear, tear nor squeeze the linens.

The ironing is done by gentle pressure between padded rolls, heated by steam. No scorching.

Results—snowy whiteness—satin smoothness—a pleasing richness of appearance.

Send your linens to us regularly and you'll get maximum joy and service from them.

EAGLE FEATHERS

There is this much to be said for a railroad engineer, his job may be a dangerous one but he doesn't have to stand around while a book-agent talks to him.

One thing the average Vernonia man can't understand is how women managed to live through the hot weather before they had talcum powder.

Canada claims everything lying between her northern boundary and the north pole. And as far as we are concerned she can go right ahead and take it.

The horn-blowing auto driver is getting to be about as big a nuisance around Vernonia as the ones who used to tear through town with the cut-out wide open.

This is the season when many Vernonia people are finding out that a vacation is a good deal like a lottery—you put more into it than you get out of it.

More than one Vernonia man thinks that if he didn't have to stay here and look after his family he could go to some other town and clean up a fortune.

The Cross-Word puzzle fad has about died out since people begun fighting over whether or not man sprang from a monkey.

Men worry over a lot of foolish things but we never saw one get excited just because his nose was shiny.

No Vernonia man ever was so nervous when he was proposing as he is when he has to do a little explaining.

Maybe the reason some Vernonia people place so little value on advice is because it isn't against the law to take it.

Some people who live together grow more like each other, but they don't always like each other more.

You may have beat the locomotive a dozen times, but if you lose out on the thirteenth the public forgets about the other twelve.

It seems that one sure way for a woman to get into congress is to be the widow of a dead congressman.

Considering that every man with a fool idea wants it taught in the public schools it's a wonder the schools are as good as they are.

They say women learn to swim sooner than men, but maybe that's because the men has to teach themselves.
