Final plans are being closed this week by the Eagle to distribute over \$2000 among home contestants in the most expensive circulation campaign ever attempted in the county. Over twenty hundred dollars will be spent with home dealers, and the valuable rewards given to home people. We expect to be able to announce full details next issue. Every home citizen we have spoken to on the idea has promised support and approval of the proposition.

F. H. Helms, a big land owner and rice farmer, of Lake Charles, La., is visiting his relatives, Mr. and Mrs. F. G. Waltraon. Mr. Helms says that he has a fine rice crop and likes the south but this Oregon climate is the finest he has ever seen and is carried away with the great Northwest. He visited Seattle and other places with the Knights of Templars and enjoyed every minute but likes the state of Oregon best and expects to spend a few weeks in looking over the state.

Last Sunday the K. C. ball players of Washington county journeyed to Vernonia with blood in their eyes, and a determination to carry away the scalps of the Vernonia team. It was a perfect day for the game and the visiting team surely have some good players and have never met defeat before. Vernonia had the never tiring Tom Tolk in the boy and Oh, Boy, how that man does twirl the little round sphere. There should have been two thousands fans to witness this game instead of a small crowd. We are not giving our home team the encouragement we should. This game of Sunday was an interesting as one would generally see in Portland. The score at the end was 2 to 0 in favor of Vernonia—completely shutting out the visitors.

The north side played the south side Wednesday evening and the game was a great deal more inter-

### Is a Lion afraid of a cock?

Medieval wisecracks used to wag their heads and tell tales like this in the village marketplace.

An amusing superstition, of course, but is it any more absurd than the belief that there is something mysteriously "better" about eastern motor oils just because they cost more and come from eastern crudes? Professional drivers and economy-run experts out after records don't share this superstition—why should you pay tribute?

#### Zerolene—the choice of Western Motorists

Zerolene lubricates more cars in the Pacific Coast states than any other oil made—a better oil if it does cost less. Zerolene increases the gasoline mileage, reduces the carbon removal and maintenance costs and lengthens the life of any car in which it is used.

#### Zerolene checked fifteen times for quality

As a matter of fact the best crude so far discovered for the manufacture of motor lubricants is obtained on the Pacific Coast. And the most highly developed refining process is the high-vacuum process, the patents on which are held by this Company. And 15 positive checks on Zerolene at the refinery make quality control absolute.

Why pay tribute to superstition when you want the best oil you can get? Insist on Zerolene—ask for it by name.

#### Get the Facts!

A series of independent and impartial reports showing the experience of large users with Zerolene has been collected in our booklet, "Why Pay Tribute to a Superstition?" Ask any Standard Oil Company representative or Zerolene dealer for a copy.
