WHY IS HAY FEVER SO MYSTERIOUS?

An eastern newspaper suggests that men of medicine turn their attention to hay fever. There is no doubt that a remedy for this distressing and mysterious malady would prove a great blessing for a large number of persons throughout the world. We call it a mysterious malady because it is so. What is its cause and why must its victims so suffer annually in spite of all they do to prevent its recurrence? Those upon whom it has laid its hold know almost to a day when they will be called upon to again endure its agonies.

Because hay fever is more prevalent in August than in any other month, it is popularly supposed that pollen from flowers is the cause. But why pollen from August's flowers, and not from those blooming in any other months of the year? To answer that the adherents pick on the pollen theory pick on the golden rod. But hay fever claims its victims in places where there is no golden rod and residents of large cities who never are within miles of that popular wild flower at any time often suffer the most severely. And if pollen is the cause of the disease why are not all who live in the country afflicted and all who live in the city immune?

The writer who suggested that physicians turn their attention to hay fever may or may not be a sufferer but in any event he puts up to them a puzzle worthy of their fullest consideration. That it is not ordinarily a fatal malady does not make the hay fever problem less important. The fact that it seemingly is such a simple and more or less affliction makes it seem that the answer to the problem should be easy to discover. Seemingly of a similar nature to influenza, it is not so often fatal, but it causes a great amount of suffering each year.

The very mysteriousness of the disease should be a sufficient motive to cause some physician to determine to conquer it.

W. C. T. U. PLANNING MEMBERSHIP CAMPAIGN

The officers of Vernonia W. C. T. U. have planned a membership campaign the coming week. Monday the state L. T. L. secretary is coming to help with the work, and Tuesday afternoon, August 11 at 2.30 o'clock the first regular meeting will be held in Evangelical Church. Everyone is most cordially invited to be present. Every woman who believes the 18th Amendment should be respected and enforced is urged to be present and to take the stand for right and justice and the protection of the youth of this day by becoming a member of this great organization.

It is only by group work among Christian law-abiding people that this great menace, the bootlegger and illegal still, will ever be destroyed. There is no reason why the 18th Amendment should not be enforced as well as any other law that deals with the criminal inclined and with the weaknesses of human nature. The need for temperance work confronts you on every hand.

Come Tuesday afternoon and openly take your place among the members of the W. C. T. U., and help to fight the good fight for law and decency.

We are printing many sample copies and will continue to do so for seven weeks. The largest number of any paper in Columbia County. We want everyone to get the Eagle.

Trade among Friends

No matter what some folks say to the contrary, there certainly is a lot of sentiment in business. Friendship, for instance, makes more satisfactory sales than all the cleverness and argument in the world.

You like to trade at a certain store—not because its counters are arranged in a scientific way, but because the folks who serve you are always friendly and helpful.

Just that very thing—FRIENDLY SERVICE—is the power that draws people together into communities like this, where everybody can enjoy the many benefits of neighborly cooperation.

And FRIENDLY SERVICE is the sentimental reason why you find it very much to your advantage to trade with our advertisers—to buy where you feel at home, where your friends will see that you are well satisfied.
