

Give Your Wife the Comfort of Modern Cooking Methods

It is economy in the long run—and all the way, cleanliness, comfort, and conveniences—which mean happiness to every woman.

Modern Electric Cookery is free from dirt, soot, ashes, fumes, grease and drudgery. Every woman—your wife, too—deserves and can now easily enjoy its many benefits.

The resulting economies in fuel, in food saving and absence of food shrinkage makes an investment in a modern electric range well worth while. Men who know and appreciate the value and importance of work-saving devices in the shop and office—are usually most enthusiastic in introducing similar work-saving conveniences in the home—for their wives to enjoy and benefit by.

Trade among Friends

No matter what some folks say to the contrary, there certainly is a lot of sentiment in business. Friendship, for instance, makes more satisfactory sales than all the cleverness and argument in the world.

You like to trade at a certain store—not because its counters are arranged in a scientific way, but because the folks who serve you are always friendly and helpful.

Just that very thing—**FRIENDLY SERVICE**—is the power that draws people together into communities like this, where everybody can enjoy the many benefits of neighborly cooperation.

And **FRIENDLY SERVICE** is the sentimental reason why you find it very much to your advantage to trade with our advertisers—to buy where you feel at home, where your friends will see that you are well satisfied.
