And if you carry your lunch what better would you want than sandwiches made with MOTHER'S BREAD—sandwiches that will retain their freshness and tickle the palate for their goodness. Come to our store and select your noon lunch from the many good things you will find.

The sheriff is supporting Collier's interests as against the other faction, made up largely of old settlers and a syndicate which recently bought the town site of Marco.

One eye Open to Ads in This Paper  
Other Eye closed to catchpenny schemes.

Always keep one eye open to the many advantages of advertising in the columns of this paper—and keep the other eye shut to the catchpenny, schemes of the sharp salesman who tries to get you to spend your good money on a plan of questionable worth. A year or more of consistent use of our columns will convince you beyond any possible doubt that it is a paying investment—and as you continue to advertise the results obtained constantly increase. We are ready to help you with the preparation of your copy.—Vernonia Eagle.

The Eagle covers the Vernonia trading zone adequately because it reaches the home of persons who have money to buy commodities. These people watch the advs. for special offerings. That's the reason it pays to advertise in the Eagle.
