

YOUR EYES

When your eyes begin to trouble you, consult a specialist at once. See Dr. Lusader, eyesight specialist, who makes regular monthly visits to Vernonia on the first Monday and Tuesday each month. His next visit

being October 5th and 6th. Office at Kullander's Jewelry Store.—Adv

Something in a name—Police nan (producing note book) — "Name, please?"—Motorist—"Alaysius Ale-stair Cholmondeley Cyprian"—Po-

liceman—(putting book away)— "Well, don't let me catch you again.

Sweet Young Thing—Why do they always call a ship "she"? Aged Salt—Why—beggin' your parding,—that's because the riggin' costs so much.

Firestone

Double the Mileage at Half the Cost

Only a few years ago a 32 x 4 cord tire listed over \$50.00. Today, you can buy the highest quality 32 x 4 tire—a Firestone Gum-Dipped Cord—for about \$26.00.

Last spring crude rubber cost tire makers around 40 cents a pound. Today, it is over 90 cents a pound.

It was not so long ago that 7,500 miles represented the average life of a cord tire, while today, 15,000 miles—and more—is only the usual performance for a Firestone Gum-Dipped Cord.

Due to large, concentrated production, specialized machinery and simplified factory methods, together with economical distribution, Firestone is able to keep tire prices low—no matter where the price of crude rubber goes.

And, because of special Firestone processes, chief among which is Gum-Dipping, motorists are today getting thousands of extra

miles by using Gum-Dipped Cords.

Gum-Dipping is an exclusive method used by Firestone. It is an extra process, carried out in special Gum-Dipping plants, after which the cords are put through the usual calendaring machines. Gum-Dipping insulates and impregnates every fiber of every cord with rubber, and practically eliminates internal friction and heat, and builds strength and endurance into the tire.

In the day-in and day-out service of taxicabs, buses and trucks—on the cars of hundreds of thousands of motorists everywhere—Gum-Dipped Cords are giving unheard-of mileage, dependability and satisfaction.

Get ready for the coming months of slippery pavements and bad roads. Assure yourself of greater safety, comfort and economy by equipping now with Firestone Full-Size Gum-Dipped Balloons.

Vacuum Cleaner

STRAIGHT AIR

THE ONLY VACUUM SWEEPER BACKED BY 55 YEARS ELECTRICAL EXPERIENCE

Interesting Features TRANSLATED TO Housekeeping Terms

- Whisks up all threads, hair and lint and loosens deeply imbedded dirt without injury to the finest rugs.
- A touch on this lever starts or stops the brush immediately—convenient when you use attachments.
- Adapts itself to any thickness of rug—does away with bother of adjustment.
- Keeps small light rugs from being drawn up into nozzle—do not diminish suction.
- Prevents dust from escaping into room or dropping back on to floor—easy to attach.
- Makes it possible to clean several rooms from one bucket and to wind extra lengths of cord out of way.
- Easily operated with one hand—gives instant control of power.
- Does away with the annoyance of having tools slip out when in use.
- Makes it possible to clean under low furniture and run from rug to rug—or holds handle erect.
- Prevents nozzle from marring furniture and wood work—and keeps wheels from scratching floor.

Fall Blouses Promote the Two-Piece Mode

Jumper dresses, blouses and sweaters (to be worn with separate skirts) help to maintain the prestige of the two-piece mode in apparel for ordinary daily wear. The return of navy to favor this fall is another factor that contributes much to the success of blouses. This conservative but spirited color, is the best of all selections for utility wear and makes a fine background for enlivening trimmings. A blouse of navy crepe is shown in the picture with bandings of Persian crepe. It is very simple to make and very pleasing in design. Worn with navy worsted skirt, with inverted plaits at the front and sides, it makes an irrefragable costume for business or day-time wear.

Barbers are not responsible for the hats of their customers, in a decision handed down by a New York judge who held that "the barber is a craftsman laboring for wages, not a capitalist conducting a business of trade and trust."

The only printed Bible in England four centuries ago was the Latin Vulgate, of which might be found chained fast in parish churches.

Guernsey is often called "England's Glass Island," because of the immense quantity of glass used there in the cultivation of glass used mats.

The stones making up the royal palaces of Persia, built 2,600 years ago, were cemented together with pitch taken from the same oil seeps which centuries later led the modern oil companies to drill their first wells.

LOOK OUT FOR SELF POISONING

Neglect of the liver results in self-poisoning! Not so quickly, perhaps, but just as surely as if you drank poison out of a bottle. If your liver is not doing its work of helping digestion, eliminating waste from the bowels and purifying the blood, you will always be troubled with sick headaches, nausea, biliousness, bad breath, gas, sour stomach or constipation.

Cleanse and tone your liver—Put your system in condition so you feel your very best again—Try just a spoonful of Dr. H. S. Thacher's excellent Liver and Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep, look and feel—the return of strength, vigor and energy. You will be completely satisfied; otherwise there will be no cost.
