Rural Justice (passing sentence on college boy caught speeding): Now in fixing the penalty in your case this court will take into consideration that, as you say, the roads out your way are very poor."

College Boy (gratefully): "Thank you, Judge."

Rural Justice: "So instead of the customary \$50, this court will fine you just \$15 and sentence you to work on them there roads for thirty days."—Oklahoma Whirlwind.

**A Bargain.**

An ancient car chugged painfully up to the gate of the races. The gate keeper, demanding the usual fee for automobiles called:

"A dollar for the car." The owner looked up with a pathetic smile of relief and said: "Sold."—Bison.

**Boston Language.**

It was evening. A stranger ap

proached the motorist. "Sir," said he, "your beacon has ceased to function."

"Sir?" "Your illuminator I say is shrouded in unmitigated oblivion." "Really, I don't understand you." Just then a boy shouted—"Hi, mister, your lamp's gone out."—Boston Post.

**Stabilizing the Farm Income**

Although but one of several important ways of stabilizing the farm income, diversification of crops, combined with the addition of a well balanced dairy herd, is of no doubt the most important. The workability and saneness of this method is the same as that exemplified by the business man who scatters his investment so that a single failure cannot exhaust his resources.

In our cooperation with the farmers of this section, the Bank of Vernonia has seen the benefits of diversified farming indelibly impressed upon the progress of this community. We believe that more general practice of this line will do much to permanently better local agricultural conditions and are therefore unsparing in our encouragement in this regard.

Are you going to the Pacific International Livestock Exposition at Portland, October 31st to November 7th? It is an unequalled opportunity to benefit in livestock raising by the experience of others. The very best in the country will be featured in Beef and Dairy Cattle, Horses, Hogs, Sheep, Goats and Poultry; also Land Products Show and the thrilling Horse Show.

**"She's better than she used to be"**

"—starts easier, climbs hills better and gives less trouble all around. And I believe the answer is this new Zerolene 'F' for Fords I've been using. It costs less than the oil I'd been using, but it actually seems to lubricate better."

Zerolene "F" for Fords gets to all the parts requiring lubrication—especially the wrist-pin bearings and upper half of the cylinder walls.

Zerolene "F" for Fords is made by the Standard Oil Company's patented vacuum process. It deposits a minimum of carbon, and because it lubricates better it enables the engine to develop a noticeable increase of power over and above what Ford owners have been accustomed to expect.

A Ford is an A-1 transportation investment. Protect your investment by proper lubrication.
