LOCALS Picked Up About Town

The new cement sidewalks being built by various property owners in Vernonia are indeed fine improvements. They help the town, help the property, help business and tend to make all citizens happier, especially in rainy weather.

City papers are advertising each week, Christmas goods. Now, the honest policy is to watch the home merchant's ads in the home paper, and keep this money in the Nehalem valley. Read the ads in the Eagle each week. Look over prices that will be advertised and you will be convinced that it pays to trade at home.

with his brother S. V. Hall and family at Pocatello. They went by car and returned by train.

Few hours late. Unavoidable delay in receiving copy for ads and the city budget that must be printed this issue causes us to be few hours late this week. Read the new city budget. It can not be shaved any closer. When election day comes vote "yes" this time. It must be done. Read also the city financial report in this issue.

TO THE VERNONIA EAGLE

Dear Editor.

I wish to congratulate you on your editorial about the cruelty to dumb animals at the Pendleton Round-up. Many years ago when the first Rough Riders Reunion was held in Oklahoma City, I attended that and saw a steer have the horns jerked off, also back broken. The spurting of the blood from those horns was to me a sickening sight and gave me a horror of ever attending any performance where that was likely to be a part of it.

There are many things of merit that are a part of the Pendleton round-up but that there is also great cruelty is not to be denied. There is so much cruelty and even abuse of the dumb animals that seems to be unavoidable or at least that can not be controlled, but such commercialized cruelty as the round-up produces could surely be controlled under the humane laws we now have.

Yours truly,
MRS. M. J. MILLS.

She Had Him Down Pat.

The fresh young traveling salesman put on his most seductive smile as the pretty waitress glided up to his table in the hotel dining room to get his order, and remarked:

"Nice day, little one."
"Yes, it is," she replied. "And so was yesterday, and my name is Ella and I know I'm a pretty girl and have lovely blue eyes, and I've been here quite a while and I like the place, and don't think I'm too nice a girl to be working here. My wages are satisfactory and I don't think there's a show or dance in town to-night, and if there was I wouldn't go with you, I'm from the country and I'm a respectable girl, and my brother is the cook in this hotel, and

CHURCH NOTICES

CHRISTIAN CHURCH

You will enjoy the day at the Christian church next Sunday. The Bible school lesson will be interesting, "Paul at Ephesus." The pastor will speak from a chart in the morning with the subject, "Change of Heart." What is the scriptural heart? How does it change? Many people do not believe in the change of heart. Come to the morning service. In the evening the pastor will give an interesting address on "Believing a Lie" You will appreciate this message. You are welcome to this home-like church.

Remember that every one in the Vernonia territory is now reading the Vernonia Eagle.

What fun does a man have in walking over the newly laid cement walks? It is a mystery unsolved. The man who does certainly gets no satisfaction out of so doing. And he certainly can't enjoy looking at the marred walks all the days following. The dogs that track the walks know no better.

The camp fire girls had a meeting Monday night at the home of Francis Leppoe. The guardian explained the purpose of the camp fire and the girls copied notes on becoming wood gatherers. It was decided that on Oct 23rd they would meet at Merle Mills at 7:30 p. m. The meeting was then adjourned.

Mr. Wilburn Hall and son Lee have returned from an extended trip to Idaho and visit there with his son John Hall and family at Weiser also with William and wife at Boise and with Mrs. Halo Lindquist his daughter and family at Burley and
