NOTICE TO PARENTS

There seems to be parties for youngsters about 3 or 4 times each week and in some cases the little ones are allowed to go home at a late hour unaccompanied by parent or guardian. Now I do not want the young folks to miss any amusement or innocent parties, but I do insist on a parent or legal guardian to accompany the children home and if this is done there is no reason why our young folks can not have a good time and at the same time you parents will always know where your boy or girl is and what they are doing.

A little cooperation is all I ask in this matter of protecting our young folks. I know they are not all bad but I can not and will not single out the rough one and let the others go by.

W. J. KELLY, City Marshal

NOTICE TO AUTO OWNERS

The new traffic ordinance No. 121 is now in effect and calls for parking with both right hand wheels not further than 12 inches from curb and five feet between auto's.

Read the ordinance at Post office telephone office and city hall.

W. J. KELLY, City Marshal.
