RED CROSS

Red Cross work comes closer home in Columbia county than in certain other localities, inasmuch as this county is receiving active Red Cross services. It is in order to keep this service for the county that a special effort will be made to increase the amount taken in this year. The continuance of the service of the county health nurse, who has been in the county since the spring of 1924, depends in a large measure upon the amount that can be raised to pay her salary.

A large portion of Red Cross subscriptions can be diverted from the roll call for local use this year, and it is hoped that in this way the people, knowing that they can keep more of the money at home, will respond more readily than in more recent years.

The budget committee of the county chapter met in St. Helens Monday night, and a budget of expenses made out for the coming year. It includes salary for nurse (12 months) \$1800; expense on nurse's car (gas, oil, repairs, etc) \$360; supplies for nurse's work \$150; emergency fund (disaster and relief) \$100; printing postage, telephone, insurance on car etc., \$150. The entire budget totals \$2560. This is the amount that must be raised from some source if the services of the public health nurse are to be kept for the county. The amount left in the county Red Cross treasury after the national dues were turned in last year was \$1321.

Some of the deficit was met by an appropriation from the emergency fund of the county court, amounting to \$50 per month, which covered the services of the nurse on county court cases; some of the necessary money was produced by private subscriptions, one donor making a donation of \$400. The rest of the deficit was taken care of by a three months vacation taken by Miss Little at her own request.

Much of Miss Little's work this fall has been among the schools of the county, assisting the teachers with the physical examination of the pupils, as required by an act passed by the last legislature. This calls for a rather detailed examination of the eyes, ears, nose, mouth and throat, and general physical condition. The average teacher is not competent to find these defects, inasmuch as it usually requires a person of special training to find them. Columbia county is fortunate enough to have a nurse to assist with this detail of the school law, but in those counties where one is not maintained it is in most cases insufficiently attended to.

Although there has not been as great a call for charity work in this county as might have been expected there have been cases where the nurse was called upon for this service and has been able to arrange for the provision of the families in need.

A special effort will be made to raise the necessary funds to keep this service in the county for another year and permanently if possible.

The simple means that, until such a time as the county court sees its way clear to take over this work, the Red Cross chapter will have to do it if it is to be done," said J. W. Thompson, chairman of the county roll call. "Columbia county is fortunate in having a trained nurse for these cases, and I am sure her services have been well worth the cost."

There is no provision that 50 cents from every receipt must be sent in to national headquarters, thus leaving only half of the amount paid for local use. This year it will be permissible for as many people as wish, to club together in one amount, thus leaving an added sum for the local chapter. Thus, if one lodge or organization of 50 members were to subscribe membership together at a dollar each, only 50 cents would need to be sent in to national headquarters, leaving \$49.50 for the use of the county chapter. On the other hand, if each of the 50 members were to subscribe separately, the amount sent out of the county would be 50 cents for each one, or \$25 leaving only \$25 for the county. H. B. Ferrin, county chairman, is urging subscribers to group their subscriptions as much as possible, thus making it possible to keep a greater amount of the receipts within the county for home use. All who subscribe in groups will be given a Red Cross button, the same as if they subscribed separately. There is no limit to the number who may group together, or to the arrangement as to private individuals or organizations.—Review.

Some fellows might just as well tell their wives where they've been as to take home a box of candy.

If it weren't for the elbows in blouses and the knees in pants, kids wouldn't have anything to wear out.

It's getting so people feel slighted if they can cross the street without dodging an automobile.

LOCALS Picked Up About Town

Mr. and Mrs. Coates are leaving for Canada this week, after visiting for several months with their son and family, Mr. and Mrs. Roland Coates.

Prof. Wilkerson was a Portland visitor Saturday.

Mr. Beall was a Portland visitor Saturday.

Mr. H. M. Gregory, Mr. H. Humbyrd, H. Sonnichsen and H. O. Dissmore attended the district meeting of the Skaggs United Stores Sunday in Portland.

Mr. and Mrs. K. A. McNeill were Portland business visitors Monday.

Fire Chief Smith has asked the Eagle to publish a notice that, when in turning in a fire alarm, to blow the siren several times, so as to allow the citizens to know that there is a fire.

Mr. Tuppling, an old time friend of Jack Carkin's, was in town this week, paying him a visit.

F. R. Hyland was in town Tuesday, from his ranch on the Timber road, transacting business. Mr. Hyland is very much satisfied over recent rain, which will now enable all the farmers to put in their much needed plowing, which they have been unable to do heretofore on account of the dryness of the soil.

Wm. Folger attended the funeral of the late Loren Young in Portland Thursday.

Of course, exportation makes for a healthy state, but even so it would be better for the girls to keep some dates at home.

Mrs. A. J. Anderson of Olympia, Wash., was a house guest of Mrs. Judd Greenman last week.

Lee Kirk, who has been employed at the East side logging camp for some time, was brought to Vernonia recently, suffering with pneumonia. At this writing he is slightly improved.

L. H. Alford was a visitor in Vernonia Tuesday, coming over from Buxton.

MOVIE NEWS AND COMMENT OF LOCAL FEATURES

You have been thrilled in a small way on many occasions, you have dreaded and enjoyed the anticipation of a coming thrill, but you will not know it all until you see the treat scheduled for this Saturday night at the Majestic theatre, when the show billed is "The Pace That Thrills." You will see a prize fight, a real bull fight and the fastest auto race of all time. A drama of romance, love mixed with fun and serious thrills that will make you hold your seat and cheer.

For the coming Sunday night, romance vies with comedy in "In the Name of Love." The story as well as the picture taking takes place in France, and you will see a little bit of France all the way through that you will enjoy.

For Monday night it promises to be good and exciting. Vernonia people liking first class western pictures will enjoy Jack Hoxie, so well known in "Two Fisted Jones."

A special is promised for next Tuesday and Wednesday nights that has been talked and written about all over the coast. It is a wonderful production without a fault. Richard Dix in "The Lucky Devil," and you will be lucky if you are permitted to see it. An action picture all the way through of luck, love, and lightning. You will say it better than the "Air Mail."

For next Thursday and Friday is Tom Mix and his wonderful horse, Tony in "The Last of the Dunes." A pulse quickening tale of the west and tense dramatic situations all the way.

All shows of the week are above the average and future bookings as shown the writer promise to be the best ever produced.
