COMMUNICATION
In the last week's edition of the Vernonia Eagle for Nov. 13, 1925, there was an item published in regards to a fight or disturbance of some nature at 2 a. m. on Thursday morning, November 12.
It was stated in this item that there were drunken and fights in front of one noodle parlor and was not seen by any city official with interfering. Now in regards to this I wish to say that there are several city officials, but only one that is out on the streets and that is myself, so naturally the slam is at me. This fighting was, it seems, witnessed by one or more citizens who desire to see law and order at all times and who it seems would rather see the fight than look up an officer and report it.
It is the same old story, some will run all over town to find me to report a dog barking or a neighbors baby squalling and keeping them awake, but if a fight or a bootlegger is in sight they say nothing for fear their names may be let out. Still they will claim to want law and order and expect one man who is out on streets day and night to see everything that goes on from one end of city limits to the other.
Now I tell you friends if you haven't the spunk to report a booze case or any disorderly case, then try and have the decency to keep still after you have seen them and all is over.
A little co-operation and less gossip will help a 100% in making our city a good clean respectable place.
W. J. KELLY,
City Marshal
Accidents Due to Rain.
The Columbia highway near Rainier has been the scene of a number of automobile accidents in the last few days because of the slippery pavement due to the rain. The Rainier hospital is crowded with accident patients. Six accidents were reported over the week end. Five of them occurred between Clatskanie and Warren.

Among the week end injured were Mrs. John Harry of Astoria, who sustained a deep gash on the forehead, and M. Nurmi, also of Astoria who sustained fractures in the right foot. H. Brownett and F. Randall of Portland suffered minor bruises. Mr. and Mrs. Bunn, who were in a machine that skidded and turned over into a canyon near Rainier Thursday, were in a serious condition at the hospital, according to reports.
