

ZADI'S HISTORY TYPICAL

Armenian Orphan. Adopted by Dr. and Mrs. Gannaway of Seattle.

Zadi Pachalian Gannaway, once an Armenian orphan, but now adopted by her American rescuers, Dr. and Mrs. Chas. R. Gannaway, of Seattle, "gathered up in her wasted diseased body the sorrows of all Armenia" at the age of one year.

"Zadi's history is typical of thousands of Near East orphans," stated Mrs. Gannaway on a recent tour of the Northwest. Driven with her mother into exile, she was suffering with measles, pneumonia, dysentery and other Near East diseases when we found her. The marvelous vitality of the children of the Near East is shown in Zadi's gallant and successful fight for life. There were thousands as attractive as Zadi in a multitude numbering over eight thousand to whom Dr. Gannaway ministered in the Near East. A mental test of Zadi at the Cheney, Washington, Normal School, showed the mind of a child of eight at the age of four and a half.

ZADI PACHALIAN GANNAWAY

"On the foundation of 200,000 children, many of them above the average in mentality, America has been building for ten years for the future. Many years of study of the children of the Near East, in which I have come greatly to admire their independence and desire to help themselves, make me believe that America never did a greater piece of work than when she reached out and gathered up these thousands of orphan waifs. It is not unreasonable to believe that in American care today in the Near East are the men and women who twenty years from now will be shaping the future of that turbulent land. America must continue for only the few years necessary to complete the task."

Golden Rule Sunday, December 6, will be America's answer to thousands of children like Zadi. Full information about the day, including suggestive menus, may be had on application to the Near East Relief.

Near East Relief offices are at 613 Stock Exchange, Portland; 339 Burke Bldg., Seattle; and for the Golden Rule Campaign temporary offices have been opened at 301 Walker Bank Bldg., Salt Lake City; 627 Peyton Bldg., Spokane; Bristol Hotel, Boise, and Y. M. C. A., Tacoma.

Recipe for an Omelet.

"One morning last week my wife asked me to copy the radio menu from a Detroit broadcasting station" writes McKinley H. Sauer of Middletown, Ohio, to 'Colliers'. "I did my best. It seems another station was cutting in with the morning exercises. Anyway, here is my menu.

"Hands on hips, Place one cup of flour on shoulder. Raise knee, depress toes and wash thoroughly in one cup of milk. In four counts raise and lower left foot and mash two hard-boiled eggs through a sieve; repeat six to ten times. In-

hale one half teaspoonful of salt, one level teaspoonful of baking powder and one cup of flour; then, breathing naturally, exhale and sift.

"Attention! Jump to a squatting position, bend white of egg backward and forward in cadence of quick time. Twist sideward, right or left, as far as possible; bring fists together forcibly and beat egg slowly and briskly. Arms forward overhead. Raise cooked eggs from the floor and in four counts make a stiff drop dough which is stretched at the waist, thigh flexed. Lay flat on the floor and roll marbles the size of a walnut. Hop to straddle into boiling salt water, but do not boil at a gallop. After ten minutes remove and wipe with rough towels. Breathe naturally, dress in warm flannels and serve with fish soup."

NOTICE

If you find a tag in your auto directing you to appear at the City Hall and if you fail to appear a warrant of arrest will be issued and you will be brought in.

First Steamless Atlantic Liner

The 23,500-ton liner Gripsholm of the Swedish-American line, first smokeless and steamless transatlantic passenger ship in the New York service. The ship will arrive in New York on its maiden voyage at the end of November. It is 524 feet long and is propelled by the two largest Diesel motors ever built. Both smokestacks are dummies, used for elevator shafts.

DIPPING INTO SCIENCE

Thunder

When lightning flashes the air through which it travels becomes heated. Expansion and compression result, followed by a quick rush of air into the vacuum thus produced. A straight, short flash creates a sharp clap of thunder, while a long and zigzag one is followed by peals, rattles, and finally a rumble. The rumble is the echo from the clouds.

A FIT PUN.
Judge Stadter imposed a fine of \$100 to animals and six months imprisonment, in the case of a man dragging a collie dog to death behind his automobile. Such a sentence will bring him to an understanding that even a dumb brute has a right to be killed without unnecessary cruelty.
