United States government for which the treasury department is noted, a check for one cent, premium refund on converted war risk insurance.

"And that's one check that probably will never be cashed," said the sergeant with a grim smile.—Cottage Grove Sentinel.

Jimmie giggled when the teacher read the story of the Roman who swam across the Tiber three times before breakfast.

"You don't doubt that a trained swimmer could do that, do you Jimmy?" the teacher demanded.

"No, ma'm," answered Jimmy, "but I wondered why he didn't make it four times and get back to the side his clothes were on."

"Where are you going, my pretty maid?"

"To get my hair bobbed, sir," she said.

"May I go with you, my pretty maid?"

"If you wont read me a long homily on the subject that your mother never had her hair bobbed, and won't give me any advice as to what style I shall follow in having my locks trimmed, and will climb into a chair and get that shave you are needing, and let the barber stuff a towel in your mouth—"You'll be quite welcome, sir," she said.

That pimento cups which may be purchased packed in bottles containing either a half or one dozen make colorful as well as eatable cups for cottage cheese, vegetable and some kinds of fruit salads.

### Appearance Deceitful.

An evidently drunken man sagged down into a seat in the lobby beside a clergyman. "Fine (hic) day," he began. "Yes, it is," from the clergyman. "Thish's fine hotel." "Yes, I find it very comfortable." "Won't 'sh have a drink?" the man asked, encouraged by the courteous replies of his chance acquaintance. The pastor's face set severely. "No, thank you," he said, "I never indulge." "Shay, whatcha givin' me? You gotcha collar on backwards now.

### HARD TO TELL.

A duel was fought in Texas by Alexander Shott and John D. Nott. Nott was shot and Shott was not. In this case it was better to be Shott than Nott. There was a rumor that Nott was not shot, and Shott avers that he shot Nott, which proves either the shot Shott at Nott was not shot, or that Nott was shot, notwithstanding that circumstantial evidence is not always good.

It may be made to appear on trial that the shot Shott shot Nott, or as accidents with firearms are fre-

quent, it may be possible that the shot Shott shot shot Shott himself, when the whole affair would resolve itself into its original elemtns, and Shott would be shot and Nott would not. We think, however, that the shot Shott shot shot not Shott, but Nott. Anyway, it is hard to tell who was shot and who was not shot.

## His word is his bond!

A "personal guarantee" means very little to you unless you know the man who makes it.

Ninety per cent of the things bought for your home are selected by the lady member of the firm. She is the purchasing agent. Most men admit that she is a capable buyer, and the reason is this: She must be shown — convinced by proof — that an article is what she needs and is worth the price!

For that reason, she sees the advantage of dealing with a local merchant — a man whose "personal guarantee of satisfaction" means just what it says.

She knows that what he advertises in this paper is entitled to her consideration. Because she has confidence in her neighbor—the local dealer—she can safely invest the family funds in what he guarantees.
