M. M. Johnson, who has lived in the valley for years and years, and owns valuable timber land here, never fails to renew his Eagle subscription when it expires. This week Mr. Johnson called with another year's advance. He is one man who acknowledges it is a good weekly paper.

Speaking of keeping the clean-up move active, E. W. Holtham says he gets up early every morning, to sweep both the walk and the street in front of his store. If all would "follow suit" and if citizens would burn their paper wrappers or use the trash cans, it would help in the city beautiful idea.

Along with the regular menu some appetizing Southern dishes will be featured, a trial will convince you.—adv. 364

COOPERATION IS ESSENTIAL IN WORK

Many people have a hazy idea of Commercial Clubs as to their work. Some think their chief product is "hot air," their aspirations all "bunk" and their accomplishments "nil."

It is undoubtedly true that such clubs make their mistakes, some may be selfish, and some useless. All this in certain individual cases may be granted to the grouch who can see no good in any commercial or in any organized community effort.

To the grouch who sees no good in anything, to the indifferent and apathetic selfish who makes no effort except for himself, to the tightwad who won't give up a dollar except he sees a hundred coming back, to the cynical and the sullen who have lost all faith in humanity including themselves, and to the narrow-minded and the self opinionated—to all these there can be little attraction in community effort, in organized effort, in commercial club activities. But to the man who sincerely believes in man's effort, in organized endeavor, in community efficiency, in pooled activities, the commercial club offers an opportunity for unequalled community service. What an organization made up of such men can accomplish is limited only by the efforts they are willing to put forth the support they are willing to give and the personal sacrifice of time

and money they are willing to make. Members who are willing to "let George do it" and INSIST that he does it, are no asset to a commercial club—they are a liability—they are a millstone hung around the neck of those who are willing to work. They are also usually the living epitaph of an organization.

CARD OF THANKS

We wish to extend our heartfelt thanks and appreciation to the many neighbors and friends and especially the American Legion, Vernonia Post 119 and the W. B. A's. for their kind words of sympathy and pretty flowers. Mr. and Mrs. Paul Terrien, Mrs. Maud Weberg, Mrs. Alvina La May, Mr. and Mrs. Geo. Terrien and Mr. and Mrs. James Davis.

THERE'S ALWAYS A "WAY THERE"

If you come to a place that you can't on one side of paper only.

get through, Or over or under, the thing to do is to find a way round the impassable wall. Not say you'll go YOUR way or not at all. You can always get to the place you're going. If you'll set your sails as the wind is blowing If the mountains are high, go round the valley; If the streets are blocked, go up some alley; If the parlor-car's filled, don't scorn a freight; If the front door's closed, go in the side gate. To reach your goal this advise is sound: If you can't go over or under, go round!—Joseph Morris.

To Correspondents—Please write on one side of paper only.
