

County News Note

Clifford Peters was awarded the contract for the grading of the campus grounds of the new Union high school in Rainier. It is estimated that 10,370 yards of earth will have to be moved.

Lida Bussian, 36, unmarried, was adjudged insane at a hearing held by Judge Phillip last week and was taken to the state hospital at Salem the same day. She was employed as housekeeper at a rooming house in St. Helens.

The heavy winds recently in Scappoose have done considerable damage to the heavy laden fruit trees. Some farmers report a loss of about one-third of the crop, as green fruit with the exception of apples, is of little use. Apples, jams, jellies and cider are interfering with vacation plans somewhat. Early prunes are ripening in the vicinity.

A spring housecleaning was in order at the county jail last week. The cells were kalsomined.

THE TWO WASTERS

Anger and Worry are the Two Greatest Destroyers of Human Happiness

(By Dr. J. W. Holland.)

I wonder how many will agree with men when I say that anger and worry are the two greatest destroyers of human happiness.

Anger is rather a masculine trait, while worry seems to suit the women better.

Any strength a man may have will be destroyed by anger. To make a brute of a good man, just make him angry.

Most murderers simply got mad and stayed mad long enough. A census of any prison would reveal that most of the inmates are there because of anger.

Do you remember the little piece we used to say at school?—

"But children you should never let your anger passion rise. Your little hands were never made

To tear each other's eyes." If we could read the records that lie deep in the brains of most of the poor women who are in our insane hospitals, we would find worry as the chief cause of most of their misfortunes.

Worry and anger seem to be little things. We laugh when a little child gets angry. It seems a trifle. But it is not. It is the breaking point of the little mind.

No one in your community has been eaten by tigers, trampled by elephants, or strangled by boas. yet many of your neighbors, perhaps some of your own loved ones, have been done to death by tiny germs too small for you to see.

Some men are killed in tragic accidents, but most of us will be taken from the earth by microscopic parasites.

Parents who get angry at their little children are hardly worthy of the name. Teachers who lose their tempers and pound little folks on the heads are not fit to govern mules.

Anger and worry dry up the happy fountains of the soul, keep the digestion awry, shut the eyes to the sunshine, and put a storm cloud on the brow.

I slew these two pests, and I will tell you how you can do it: I did it by love and prayer. Once my little girl did something that displeased me and I punished her, I was ashamed of myself. After that I reasoned with her, and she did as I desired. If parents will only wait to punish their children till they get over their anger they will not need many rods.

Love anyone enough and you can not be betrayed into anger with them. I know from experience that this remedy works.

Prayer and trust will drive worry away. Worries used to chase me like a pack of little devils, till the thought of Christ's "Your Heavenly Father careth for you," took possession of my mind. Since then I live and trust God for every good thing. They have been mine thus far. My trust is that they will ever be.

Good is on the road of those who live the life of trust. If the thing that we greatly desire is denied us, something better will come. That is my faith.
