

# Coleman TRADE MARK REG. Radiant Heater

## Gas Heat—No Matter Where You Live

The Coleman Radiant Heater is the latest achievement in more than a quarter of a century's experience in manufacturing gasoline lighting and heating devices. It is made by the Coleman Lamp Company, whose gas pressure products have always been recognized as a standard of quality and service.

### Here's What It Does:

- 1—Gives you fresh, clean, sun-like warmth, any time, in any room. Radiates a flood of live, glowing heat to every corner.
- 2—Gives you quick heat. Generates in three minutes and starts heating up immediately after lighting.
- 3—Keeps air in circulation by warming first the air near the floor, which is replaced by the cool air above it. This insures a constant, even temperature, which means health and comfort.
- 4—Gives a clean heat without smoke, soot, dirt or ashes. Saves the time, bother and expense of firing the stove or furnace for short periods of the day—saves from one to two tons of coal a year.
- 5—Insures plenty of warmth and comfort in the coldest weather, even with the coal bin empty or the gas line broken.
- 6—Gives you a complete portable heating unit that makes and burns its own gas from any good grade of motor gasoline—no pipes, no hose, no connections.

A surprise party was given at the home of Mr. and Mrs. Carl Verner in honor of their fifth wedding anniversary. Those present were Mrs. O. Blevens, Mr. and Mrs. L. Esque, Mrs. Drorbaugh, Inez Powell, Vera Willard, Ina Nelson, Rose Montgomery, Mary Laramore, Nona Inbeck, Mr. and Mrs. McKee, Mr. and Mrs. Jack Adams, Mr. and Mrs. L. L. Graven, Mrs. Billings, Mrs. Arlie Drake. An anniversary gift was presented them by the Laff-a-Lot club of which Mrs. Verner is a member.

Here is an interesting story—read it: A lady came into our store the other day and told us that she had bought sufficient ingredients to make six pounds of fruit cake at a cost of close to \$5.00. She could have bought six pounds of our fruit cake, either light or dark, at a total cost of \$3.60; and had she done this she could have effected a saving of at least \$1.00, not to mention the saving in labor and worry.

There is the story of fruit cake in a nutshell and it substantiates what we have been trying to tell you all along—that it is cheaper to buy fruit cake than it is to make it at home; and anyone who has tried our fruit cake will tell you that it is just as good (and oftentimes much better) than that made at home.

There is a moral to all this—buy your fruit cake from us and save real money, also labor and worry. Place your order now. Vernonia Bakery.—adv.

In the ordinary stocking, runs caused by knee strain or garter clasps go down and ruin the stocking. In Rollins Improved Double Runstop Hosiery, one runstop at the knee is the same color as the stocking and protects against knee strain.

The other runstop, always red, but out of sight even when worn with the shortest skirt, is at the hem and stops all garter runs. It is a red dotted line, which positively identifies Rollins Improved Double Runstop Hosiery. If you wear round garters your finger nails cannot cause disaster in pulling tight and rolling the top of the stocking.
