Why do experts so generally pronounce Mother's bread as an unusually fine loaf? We can answer that by saying, because it is a high quality loaf. Just this week we had a bakery expert in our shop from the second largest milling company in the world and after a close examination of Mother's bread he said that it was the finest loaf of bread he had seen in a long time and don't forget, he knows. Aside from our claims for Mother's bread, let his word convince you that in Mother's bread you are getting the highest quality bread that it is possible to make. When buying bread, say, "Mother's," and know you are getting the best.—adv.

### Card of Thanks.

We wish to express our sincere appreciation and thanks to all those who so kindly helped us at the time of the fire Sunday morning, March 13.

### Resolution of Condolence

Whereas, the great and supreme Ruler of the universe has in his infinite wisdom removed from among us one of our worthy and esteemed fellow-laborers, Francis P. McBarron, and, whereas, the long and intimate relation held with him in faithful discharge of his duties in this society makes it eminently befitting that we record our appreciation of him; therefore, Resolved, that the wisdom and ability which he has exercised in the aid of our organization by service, contributions and counsel will be held in grateful remembrance. Resolved that the sudden removal of such a life from among our midst leaves a vacancy and a shadow that will be deeply realized by all the members and friends of this organization, and will prove a serious loss to the members to the community and the public. Resolved that with deep sympathy with the bereaved relatives of the deceased we express our hope that even so great a loss to us all may be overruled for good by him who doeth all things well.

## How Often Do You Visit YOUR JEWELER?

Not very often, you'll agree, compared to the visits you make to your grocer and other stores.

This is natural enough. Silverware, watches, rings, etc., are not used for a brief period and replaced, as with other articles. Things bought at the jewelry store must serve longer.

That's why there is only one safe rule to follow: Buy the best. Only the best will bring permanent, dependable satisfaction in the long period of use, when the few extra dollars in cost will have been forgotten.

Here you'll find the best of everything—at prices that are always reasonable, quality considered. Of especial interest is our new showing of watches cased by Wadsworth—style leaders in the dress of high-grade timepieces. Visit us.
