BIBLE THOUGHT AND PRAYER  
If parents will have their children memorize a Bible selection each week, it will prove a priceless heritage to them in after years.

**IT SURELY WILL:**—Be sure your sin will find you out. Numbers 32:23.

**PRAYER:**—  
Plenteous grace with Thee is found,  
Grace to cover all my sin;  
Let the healing streams abound,  
Make and keep me pure within.

clusion of that period.  
The use of sinkboxes on inland waters will no longer be permitted. It has been found that the use of this wild-fowling device on the comparatively restricted feeding and resting grounds on inland waters has an injurious effect in driving ducks from these areas and in addition the marked decrease of marshlands through drainage and reclamation renders this amendment all the more desirable. Under restrictions the use of sinkboxes will still be permitted on coastal waters, though the new regulation requires that each box be 700 yards from any shore or island and 700 yards from any other sinkbox.

In that portion of northeastern California comprising that part of Siskiyou county lying east of the main line of the Southern Pacific railway, all of Modoc, Lassen and Plumas counties, that portion of Siskiyou county lying east of the summit of the Sierra Nevada, and those portions of Sierra and Nevada, counties lying east of the summit of the Sierra Nevada and north of the Southern Pacific railway from Truckee to Calvada, the open season on wild fowl under federal regulation has been changed from October 16—January 31 to the period October 1—January 15, to correspond with the existing open-season regulations for Oregon. The area specified by the regulation has climatic conditions similar to those of Oregon and sharply different from the southern portion of California. Owing to this climatic difference within the state the migratory wild fowl season is advanced some two weeks earlier in northeastern California than in the case in portions farther south. As a consequence an earlier opening date is desirable, so that the sportsmen of the section may have an opportunity to hunt equal to that enjoyed by gunners elsewhere.
