Teddy W. Leavitt accompanied by his little son and daughter, Teddy C. J. and Mary Evangeline, drove to Newberg Tuesday. They returned Wednesday with Mrs. Mary Kissinger of Eugene who will visit in the Leavitt home for a few days.

After a day of study and play that school boy or girl of yours needs a light lunch at 4 o'clock. Doctors recommend this that school children may have proper nourishment. What could better suit the purpose than a thick slice of Mother's Bread spread with jam, peanut butter or the like. Start this practice now at the beginning of the school year and you will have a healthier child all through the year.—adv.

The Womens Relief Corps plan to change the place of meeting to the Grange hall until such time as the Legion is better equipped for lodge work. This was decided at the meeting last Thursday. The next meeting will be September 29, when there will be a pot luck dinner and drill work in prepara-

tion for the coming of the national president October 20.

BE not deceived. Dr. L. Uader Eyesight specialist, has been coming to Vernonia monthly for more than five years taking care of the eye needs of the public. His office is at Kullander's Jewelry Store and he is here the first Monday and Tuesday to 12 noon each month. His next visit will be October 3 and 4. tf.

"Have Your Eyes Examined"

Rabbit Snares of the Cliff Dwellers Found

Denver, Colo.—The first rabbit snares ever found in Colorado or any western state where the cliff dwellers once lived, were recently found by a party of explorers in a prehistoric Indian cliff dwelling, near Grand Junction, Colo. One of the remarkable things is the splendid state of preservation of the snares. They and the arrows were buried under rock and dust nearly three feet deep which had fallen down during the ages since the cliff dwellers had left them in the large cavern.

They had never been moistened and the strings of the snares which were hand twisted soap weed cord, are so strong that even today they cannot be broken with the hands.

One end of the cord is tied to a short piece of wood, through which a hole has been made. The free end is then pulled through the hole, leaving a loop in which the Indian caught his rabbits. Twelve snares and twenty arrows were found.

Scientists are unable to figure out what the arrows were used for as they are in no way like the ordinary arrows, shot from a bow. They have no arrowhead of flint and no notch at the other end.

Mental Diseases in Young People Increase

New York.—An appreciable increase in the number of young people who fall prey to mental diseases is found by Dr. Means S. Gregory, head of the psychiatric department of Bellevue hospital.

People are more enlightened about the danger of letting mental and nervous illness headway, and as a result more youthful cases reach the hospital, he says, but this does not fully explain the increase.

"The higher standards of the present day are largely responsible," he states. "The demand for material luxuries is greater today than it has ever

been. The bearing of this are more definite, more difficult to attain. They are more likely to be thwarted. And an increase in thwarted longings and ambitions makes for an increase in abnormal mental and nervous states."

"Huskies" Become Pests With Advent of Planes

Juneau.—With the rapid development of airplane service to and from Alaskan points, the problem arises concerning the future of the dogs which have been bred here for years as burden-bearers during the winter months.

Already, complaints are on file here, from numerous places, that dogs, loosed from their leashes, are reverting to the wild state and killing deer and moose. Many of these reports are from coast towns, where Indian owners of dogs have gone fishing for salmon and have left the dog families

and shelter. Consequently, dogs, formerly very valuable, have gradually become the worst kind of pests.

Under a law here, it is forbidden to injure or kill prowling dogs—statute having been formed when trappers were the prospector's and trapper's best friends.

Child Asks War Department for Baby Brother or Sister

Washington.—Called upon for manifold duties in peace and war, the War department is stumped by this request from a little girl in Cuyahoga Falls, Ohio:

"Please send me a little baby sister or brother. I want it about one or two days old. I want it real bad, and so do the neighbors. The little boy next door would like to have it, too.

"So please send it. I will thank you very much. If you haven't got one that is a couple of days old, send me one at the age of two or three weeks.

Western Wools for World Markets

HAMPSHIRE RAM

Owned by Mt. Haggin Land & Livestock Co., Montana. Grand Champion Ram, 1926 Pacific International Livestock Exposition.

This Ram was the outstanding animal of the breed at the 1926 Pacific International Livestock Exposition. In addition to achieving this distinction it also won the same awards at the 1926 American Royal, and Chicago International Shows. It will probably be shown in the flock being sent by the Mt. Haggin Land and Livestock Co. to the 17th Annual Pacific International to be held at Portland, October 29 to November 5, inclusive.

The Sheep Show at the Pacific International will, this year, as in the past, be one of the best of its kind in America. Some of the most noted judges in the country will place the awards. In connection with the Sheep Show a new departure is being added. Under the direction of the Pacific Co-operative Wool Growers Association a comprehensive Wool Show will be held, at which commercial fleeces of all grades will be exhibited.

Splendid showings are promised again this year in every division of the exposition which includes great Livestock Show, Dairy Products Show, Land and Manufacturers' Products Show, Northwest Fox Show, Industrial Exposition and world-renowned Horse Show. The Boys' and Girls' Club Exhibit this year will be one of the best of its kind in this part of the country. Millions of dollars' worth of the country's finest Pure Bred Beef and Dairy Cattle, Horses, Sheep, Hogs and Goats will compete for the \$100,000.00 offered in premiums.

The leading railroads of the West co-operate by offering special fare-and-one-third rates for those who wish to attend the Exposition.
