State University Prove **Popular** Over Oregon

UNIVERSITY OF OREGON, Eu-

-The amount of extension work done by the University of Oregon, is shown in the annual report just made public by Alfred Powers, dean of the extension division. A total of 4,411 registrations are recorded in classes in the the Portland center, 245 registrations in places outside of Portland, while 1,440 individuals enrolled in correspondence Total attendance at lantern slide

359 communities are represented in the number of students enrolled in corresland Free Dispensary; \$57,000 for payment of salaries, particularly for re-\$5,000 for travel of full-time professors.

Reading circles, which use material supplied by the university, have grown rapidly in popularity and during the year 3,195 reading circle certificates Splendid cooperation and support ac-corded the medical school by the people of Oregon is given as the principal reason for the generous bequests of the were issued to people of the state. Marked increases in many phases of board.

extension work are shown. Correspondence study courses registration in-creased from 1,6734 in 1926 to 1,964 the past year. Attendance at lectures grew from 76,171 to 94,199.

A significant fact pointed out in the report is that 43 per cent of students registering in correspondence courses complete them within one year. This is held to be an unusually high record, since many correspondence schools ad-

to run neck and neck, two votes terests of people taking correspondence work is shown in figures eiting that ages vary from 13 to 83, and that 81 Faithfully Yours ages vary from 13 to 83, and that sa J. H. Urie. different occupations are represented in those enrolled.

Scholarship Higher

At State University

UNIVERSITY OF OREGON, Eugene .- Only 24 students of the University of Oregon "flunked out" or were declared ineligible to return to school on account of low scholarship, it was announced by Earl M. Pallett, registrar. This is a substantial decrease from last term, when 37 were not allowed to reenter. In the corresponding term last year, a total of 49 flunked out.

This low number shows definitely being built as a state highway from that students are devoting more time

in prospect for early building. Hillsboro - Odd Fellows temple Oregon's nut crop will reach \$1,000,000 a year, by 1931, say Gift to U. of O. from Eastern Foundation experts

SPECIAL FEATURES OF THE NEW JOY THEATRE

When this theatre was being designed and the equipment being purchased, the management had but one thought in mind, of which to make this play house a place of comfort and pleasure for the people of Vernonia and vicinity.

We feel justly proud in mentioning our wonderful pipe organ, our soft spring cushion chairs, and the baby cry room, where mothers can take their babies and the picture can be viewed through a huge plate glass window.

We also wish to mention our heating and ventilating system. The air in the auditorium will be changed every three and one-half minutes.
