'United we stand, divided we fall.' An old saying, but how true it is. Cooperation must needs be found in every organization if that organization is to be efficient and successful.

For example if the Oregon-American employees were each working for himself without the interest of the company at heart, the ultimate results would be far from satisfactory.

Our school needs the same cooperation that any other business does. The pupils are more and more realizing the need of cooperation in athletics but in the other activities such as carnivals, high school plays, etc., they lack the much needed cooperation.

One of these other activities is our journalism which has developed into the 'Timberline.' It would be impossible for the editor to put out this sheet alone. The Timberline needs the cooperation of both the staff and the student body as a whole to make it larger than ever before.

Cooperation, real effort for the good of all, which forgets the labor and the glory, which banishes all jealousy and selfishness, is what has made our American school system what it is. Vernonia high school must contribute her share to this great system.

Offers Prize For Correctly Answered Questions

The Senior getting most of these questions right first will receive a prize of one dollar from Mr. Wilkerson.

- 1. What state is a mile high?
2. What lake is below sea level?
3. What river is 26 miles wide at it's mouth?
4. Who was the world's foremost author?
5. When did Buddha live?
6. Who is now president of Mexico and whom did he succeed?
7. Name the first canal built in the United States.
8. How many miles of railroad in the United States?

- 9. What is the National debt?
10. Who was the greatest Roman orator?
11. Who was the greatest American orator?
12. The most noted preacher?
13. The most noted actor?
14. The most noted naturalist?
15. The most noted inventor?
16. What bird takes long trips across the ocean?
17. What is the size of an acre?
18. What is a hoodak?

Start working on your oratorical speech now. Who knows but what you may win a trip to Europe.

The janitor is to be complimented upon his efficiency in keeping the rooms at a comfortable temperature during the cold weather.

1930 Chevrolets Now On Display

Announcement of the new 1930 Chevrolet models last week came right at the close of Chevrolet's greatest year, for the sensational success of the six-cylinder Chevrolet introduced just a year ago, resulted in an output of 1,350,000 cars this year breaking by a wide margin all former Chevrolet annual production records.

In making public Chevrolet's plans for 1930, W. S. Knudson, president and general manager declared that with the improvements incorporated in the new car, Chevrolet was anticipating a volume of business that will equal, if not surpass, the phenomenal record of 1929. And, in order to accommodate an early demand production is being speeded with all haste consistent with the precision methods for which Chevrolets manufacturing operations are famous.

Scores of distinct improvements have been made in the 1930 Chevrolet line, the factory announces. Greater beauty, added safety factors, improved riding comfort and better all-round performance with added power and faster acceleration are announced as features of the new line.

Larger tires, small wheels, DeLco-Leroy hydraulic shock absorbers at all four wheels, windshield and vastly improved four wheel braking system are some of the highlights.

The attractive new closed bodies, in a variety of colors, carry the famous Fisher stamp of craftsmanship. Eight models, three of which are new to Chevrolet, comprise the line. Of the eight, five are closed and three are open. The closed cars are the sedan, coach, coupe, sport coupe and club sedan. The open models are the roadster, sport roadster and phaeton. The models new to the line this year are the sport coupe, sport roadster and club sedan.

The six cylinder valve-in-head engine introduced a year ago, after four years of research and development has been further improved and refined. Since the introduction of the six a year ago, test cars have run up more than a million miles of driving at the General Motors proving ground in the working out and the justifying of the improvements of the 1930 car. All the resources of the General Motors research laboratories and the Chevrolet experiment laboratory

were placed at the disposal of the Chevrolet engineering staff in its work.

Many 'Passion Plays' The name 'Passion Play' has been given to the plays representing the passion of Christ. These plays became numerous between the Thirteenth and Sixteenth centuries, especially in Germany and the Tyrol. The most important survival is one that takes place every tenth year in the village of Oberammergau in the Bavarian highlands.

Art of Giving He who gives things only gives little. The real part of any present is the imaginative sympathy through which one has understood and responded to a desire in some other human being and has put something of one's self into the choice of that which will gratify this desire.—Woman's Home Companion.

Takes an Awful Beating Gold beating is an art that cannot be done other than by hand. Gold, 23 carats fine, is rolled into thin ribbons, cut into squares, then many layers of it are placed between parchment and beaten four hours. The squares are quartered, placed between goldbeaters' skins, beaten for four hours and then again for six hours.

All Help No doubt the world ought to be made better, and abolishing illiteracy, adopting voting machines, etc., help the good fight. But being amiable, liking life, exercising common sense, knowing right from wrong, these help, too. You don't learn them in books.—Boston Herald.

A Sure Friend I know nothing which life has to offer so satisfying as the profound good understanding which can subsist, after much exchange of good offices, between two virtuous men, each of whom is sure of him self, and sure of his friend.—Emerson.

Height of Joyfulness Life's highest job belongs to him who stands, after a struggle, on some spiritual summit and looks first down upon the valley from whence he has ascended, and then up to some higher peak which shall become tomorrow's goal.—H. B. Osborn.

Perfected Air Brake George Westinghouse in the autumn of 1888 completed his working model air brake. According to Scribner's 'History of American Invention,' the event took place in Pittsburgh. After some difficulties in putting on a demonstration, a trial was made on the Panhandle railroad, and a dramatic incident, which resulted in saving the life of a drayman during this trial, assured success to the new device.

Copyright Procedure The copyright law is specific as to the place where the copyright notice shall appear and as to the form that the copyright notice shall take. Many court decisions have been handed down ruling that if these specific requirements are not followed, the copyright is invalid. Other decisions have established that publication without proper notice is a dedication of the material to the public.

Honor Roll First Term

The honor roll for the first term is:

Seniors: Violet Phelps, Alberta DeRock, Catherine Hoffman, Dorothy Carmichael, Dwight Strong, Zelma New, Dorothy Holtham, Dorothy Throop, Mildred Tousley.

Juniors: Lucy Hopson, Inez Allman. Sophomores: Gertrude Ek, May De Ett Throop, Ben Spencer, Edna Owens, Veneta Wiles, George Laird, Lawrence Jesscard, Joe Lindsley, Lucille Spooner.

Freshmen: Margaret McDonald, Faith Hiatt, Melville Malmsten, Edgar Crawford, Gladys End, Irene DeRock, Rachel Ek, Julia Bantes, Ruth Loudon, Annie Cechmanek.

Jokes

Measles, measles everywhere, And all the kids were sick, Measles, measles, everywhere, Oh, my, but they were thick. The many kids so beautiful, And they all speckled lie, But every single one of them Lived on and so did I.—(DMC) (With apologies to Coleridge)

Mrs. Hammack doesn't always use the best of English. I'm positive she said 'pie are square' and she should say 'pie is round' according to Miss Perce.

Austin—your answer is as clear as mud. Bush—Well, that covers the ground.

If an 's' and an 'i' and an 'o' and a 'u' With an 'x' on the end spell 'su' And an 'e' and a 'y' and an 'e' spell 'y' Pray what is a speller to do? Then if also an 's' and an 'i' and a 'g' With an 'hed' spell side,

Yamhill Electric company's light and power line extended into Parrett mountain country—Sherwood Valley News.

There's nothing left for a speller to do, But go and commit slouxye-sighed.

Mac—What are four events which took place in history when a negro waiter fell with a platter of roast turkey? Graves—(not so dumb) The downfall of Turkey, the overthrow of Greece, the breaking up of China and the humiliation of Africa.

And then there was the Scotchman with the nosebleed who ran into the hospital and wanted to know if anyone wanted a transfusion—Pathfinder.

We have a marvelous geometry teacher. The students can prove almost anything. For instance: to prove—a rotten potato is a beehive.

Given an active brain. Proof—A rotten potato is a specked tator (spectator.) A spectator is a beholder (beeholder.) A bee holder is a bee hive. Therefore a rotten potato is a beehive.

Any suggestion for a name for this column will be greatly appreciated. (No prizes.) Dorothy Carmichael

Crane—Oregon Oil company resumed operations is drilling for oil on Culp place, 12 miles west of this town.

Attend Game

Students. Help win the Vernonia Eagle basketball trophy by attending the games both at home and outside.

Although it is really the team that does the work, they need strength and courage to do it with and when they know that the students of the high school are doing their best to boost them, it gives them added strength and courage to do it with and when they know that the team will do their part if we do ours. Let's be out 100% to the rest of the games. Are you game? Let's go.

Popular Senior at High School Receives Greetings From Friends While In Portland Hospital

A large mysterious envelope was thumped against the blackboard in the Senior room Tuesday morning.

As each inquisitive senior and some faculty members saw the phenomenon, he approached it cautiously and read thereon: 'Mr. Bodie Hieber, Ear, Eye, Nose and throat hospital, Portland, Oregon. Without a word he returned to his seat and wrote industriously for a short time after which he again returned to the envelope and deposited in it a neatly folded piece of white paper.

What information or messages these papers bore it is not for the reporter to say, but

if one of the faculty had turned Pandora, she might have found right in the middle of the explanation of a difficult chemistry problem, 'Oh Bodie, do hurry up and come home. It's so lonesome here without you.' The young man whose name appeared on the superscription could, no doubt, give out information if he cared to, for by 3:30 p. m., the queer old envelope was looking so jolly and fat that the president of the student body carried it to the post office and for the last few days it has been occupying the same ward with Mr. Bodie Hieber in the Ear, Eye, Nose and Throat hospital in Portland.

To Feature Alumni Of V. H. S. Start This Issue

During the next few weeks, the alumni of the Vernonia high school starting with the class of 1924-25, will be a feature on our page.

Class of 1924-25—Charles Hoffman, O. S. C., Corvallis.

Louise Lester—Mrs. Jack Martin—Vernonia.

Donald Brady—Working—at Burns.

Thor Roberts—Working—at Vernonia.

Margaret Smith—Home—Eugene.

Eva Crowder—not known. Leona Libel—not known.

Eben John—not known. Lola Nance—At home—Vernonia.

John Laramore—Working—Vernonia.

Lygia Burt—not known. Mildred Burgerson—Mrs. D. Brady—Vernonia.

Melvin Mowe—at home—Vernonia.

Hilme Kauppi—not known. Laurita Aamodt—school—in Portland.

Jessie Gowling—not known. Bernard Dowling—at home—Mist.

Lois Malmsten—Seaside.

Ora Rundell—Portland. Lillian Ross—Mrs. Paul Malmsten—Eureka, Cal. Dorothy Rhyne—Mrs. H. B. Church—Waterloo, Iowa.

C. A. Howe To Speak At Commencement Exercises This Year

Supt. C. A. Howe, of public instruction of Oregon has been secured as the speaker for the commencement exercises for this year, according to Professor Wilkerson.

Although Mr. Wilkerson had tried to get Supt. Howe before this is the first year that he has been successful, somebody else always securing Mr. Howe first.

Because of the cold and the bad condition of the roads, the schools have been dismissed fifteen minutes earlier than usual. The high school has dispensed with the fifteen minute study period which is at one o'clock and is dismissed at three-fifteen instead of three thirty.

Larry Marshall, a junior has been appointed assistant-editor of the Timberline. Dwight Strong will have charge of the sports column and Dorothy Carmichael, the joke column. With the addition of these new editors, the Timberline is going to try and fill a page of the Eagle each week.

'Sophs' Sponsor Pie Sale Friday Noon

Friday noon there was much busting and hurrying as the students stocked to the sewing room where a pie sale was being sponsored by the 'sophs.'

Irene Green, Kathryn Aalimten and Veona Aelinger were appointed to carry on the sale at 10c a cut.

The P. T. A. money will be sale of 'hot dogs' and cocoa and Monday they were at the grade school giving the same sale.

The P. T. A. money will be used for buying books for the high school and Lincoln grade school, the Washington grade school having already bought their books.

The sale was under the direction of Mrs. Wm. Culver and Mrs. Ben Bennett.

While we are having lots of fun in the snow, let's remember that the birds aren't and provide them with plenty of food and water.

Sports

The game which was to have been played here with St. Helens last Friday was postponed indefinitely on account of the cold weather and impassable condition of the roads.

Following is the schedule of the league games yet to be played:

- Jan. 24—Scapoose at Vernonia; Clatskanie at Rainier.
Jan. 31—Scapoose at Rainier, St. Helens at Clatskanie.
Feb. 17—Vernonia at Rainier, Scapoose at St. Helens.
Feb. 14—Vernonia at Scapoose; Rainier at Clatskanie.
Feb. 21—Clatskanie at Vernonia; St. Helens at Rainier.
Feb. 28—Clatskanie at Scapoose.

New Freshmen Enter School

Fourteen new freshman have entered from the Washington grade school. Two new classes, English and Algebra have been formed and there will possibly be a third, Latin or world history.

The freshmen who entered at the first of the school year are eagerly waiting to see if they will be given the chance of initiating the new ones.

Following is the standing of the teams in the league:

Table with columns: Team, Won, Lost, Percent. Scapoose 2 0 1000, Vernonia 1 1 500, St. Helens 1 1 500, Rainier 1 1 500, Clatskanie 0 2 000

Tomorrow night Vernonia will meet the undefeated Scapoose team on the local floor. This should be a good game, because Scapoose has won every game this year, but Vernonia is out to beat them.

Bodie Hieber, a regular on the team underwent an operation in Portland last week and will not be seen in action for a few weeks.

For the benefit of those who do not understand the game a few rules will be printed from time to time.

A personal foul is committed when a player purposely interferes with an opponent when he could avoid it, or touch or hinders the opponent when he is shooting. The player on whom the foul is made gets two free shots if the foul was made while shooting and one shot if made otherwise. The person shooting for a foul must stand behind the mark while shooting or the basket does not count. The other players must stand out side the circle marked around him or the point counts whether the basket was made or not. If a player makes four fouls he is put out of the game.

Mountain Heart Club To Give Card Party Tomorrow

Mountain Heart club of the ladies of the local Rebekah lodge will give a card party tomorrow, Friday evening, January 24, at the I. O. O. F. hall.

These card parties which are sponsored several times each year, prove popular and usually draw capacity crowds.

Greatest of All Pleasures Mental pleasures never die; unlike those of the body they are increased by repetition, approved of by reflection and strengthened by enjoyment.—Colton.

French Tricolor The blue and red cockade was the badge of the city of Paris. The union of this and the Bourbon white produced the tricolor, the badge of France since 1789.

Ravallings Young Barbara was eating a banana, when she remarked rather petulantly: 'Goodness gracious, mamma, this banana has a lot of ravallings!'

Getting Better and Better The span of life lengthens. Our national diet becomes more rational, our public health work more effective.—Woman's Home Companion.

One Reason 'How is it that fat folk enjoy a laugh more than ordinary folk?' asks a correspondent. There is more of them to have a good time.

Try This on Your Keys Few writers of fiction get rich, but think of the fun they have describing acquaintances they don't like.—Buffalo Evening News.

They Would Most women enjoy being nervous. It makes them feel apart from the phlegmatic herd.—Woman's Home Companion.

Made an Impression 'Mother,' remarked little two-year-old Jane, 'take this kitty away; she has splinters in her toes.'—Pathfinder Magazine.

Individual

As we cannot gain strength by watching the physical exercise of others, or mental power by what we do with the powers that have been given us.—Exchange.

Ireland's Bottomless Bogs The Irish bogs are almost as great in extent as those of Germany. While the latter are from 2 to 20 feet deep the Irish variety often reaches 40 feet, and are sometimes apparently bottomless. It has been calculated that each acre of bog contains 18,231 tons of peat.

We Found More The college professor who says that there are 507 known annoyances in the world should make another count. After changing a tire in the rain one man discovered that there are almost that many connected with that operation.—Pathfinder Magazine.

Getting the Hang of It

'Even the bluest of the blue-bloods,' says the warden of Sing Sing prison, 'cannot trace their ancestry far back without encountering the gallows or a prison.' In studying the family tree no mouse is good news.—South Bend Tribune.

King's Highway In England they once spoke of the king's highway. In the United States we also have our king's highway, but ours is the speed kings, and heaven pity the hapless wight who gets in the way.—Boston Transcript.

'Continent' and 'Island' The distinction between a continent and an island is primarily size. A continent, however, also differs from an island in its structure, which is that of a large basin bordered by a mountain chain.

Ideal Arrangement An expert says golf need not interfere with business, but that's not the question. The real in its structure, which is that of a large basin bordered by a mountain chain.

Venerable Tree The 'hald cypress' tree which has been standing at Santa Maria del Toluca, Mexico, is considered to be the oldest tree in the world. It is estimated to be six thousand years old.

Earliest Stringed Instrument An ancient violinlike instrument with three to six strings, used in Ireland and Wales, was the first stringed instrument to be played with a bow. It was called a crowd.

And on the Run 'Lookin' for trouble,' said Uncle Eben, 'is a waste of time. Jes' stand around 'doin' nothin' an' trouble will come lookin' for you.'—Washington Star.

Knocking or Boosting? Men do make a great fuss doing things, but the fact that they are doing is important—not the thing, but the doing.—Woman's Home Companion.

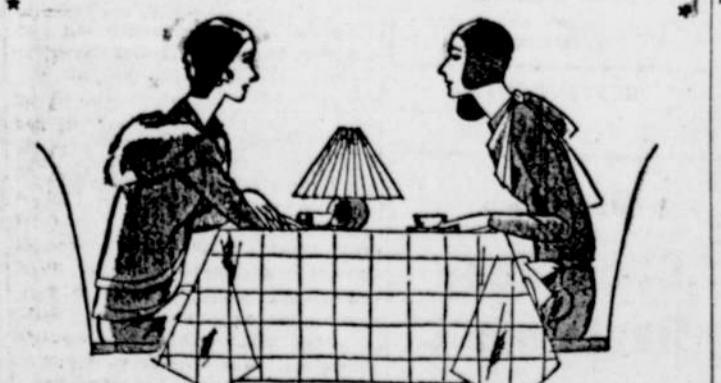

In a Nutshell You cannot prevent the birds of madness from flying over your head, but you may prevent them from stopping to make their nests there.

Living and Learning Jud Tompkins says there is no use wishing you could live your life over. You might not make the same mistakes, but you'd make others just as bad.—Washington Star.

Getting Right Start An old saying reads: 'He that would eat a good dinner let him eat a good breakfast.' In other words, to enjoy the whole day, one must make the right start.

Think It Over Where confidence is wanting, the most beautiful flower in the garden of love is missing.

It Must Circulate Do not be a miser with love; like money, it is meant to be spent.—Paul Gerald.

Women Themselves Say It 'Our recipes actually turn out better with Drifted Snow'... say housewives. This special quality in Drifted Snow that women like has made it the West's largest selling flour.
