CONSIDERATION FOR THE CAR GUEST

Within the past week, three auto accidents occurred within the vicinity of Vernonia. In each case invited guests were riding.

In one particular case, the lady who was driving and her baby were injured. The child of 18 months is not expected to live.

Many persons can recall the displeasure of being invited for a ride by a driver who wishes to give an impression of his perfect control, traveling along the highways at a dangerous speed. Few, especially those invited, are so rude as to caution a careless driver when they consider the speed too great for safety. The driver in many instances takes great delight in remarking to his friends at a later date that he had Mr. So-and-so sitting on the edge of his seat when riding 50 miles per.

Why impose upon those invited for a ride? Why not treat them with the same consideration you would if they were guests in your home? If you wish to endanger your life, by driving at a reckless speed, do not invite others along to share your fate should a frightful accident occur.

It would be much better to receive a compliment after the trip from your guests, that you were a cautious driver, slowing down for dangerous curves, taking no unnecessary chances and very considerate for the comfort of those in your car, than hear the remark, "Passed everyone on the highway."

Clearance of Entire stock of Women's Footwear

LET'S HEAR FROM SHERIFF WEED

Recently the sheriff's office sent nearly \$300 worth of work to be done by printing shops outside of this county.

A few months ago, the editor explained to the sheriff that most every printing shop in this county was equipped to handle any work his office desired done and naturally wished for a chance to bid on this work, especially since all were taxpayers and were uniting their efforts in boosting for Columbia county.

The Vernonia Eagle may be mistaken in criticizing Sheriff Weed of Columbia county for sending printing of the sheriff's office to firms outside of the county, but before we apologize for our stand on the matter we desire that Sheriff Weed answer the following questions:

How much printing has the sheriff's office of Columbia county had done outside of this county during his administration?

Is the work done by printing houses outside of Columbia county of such nature that it can not be done by Columbia county shops?

Has the sheriff forgotten that it is taxpayers' money, some of which Columbia county print shops are paying, that he is sending shops outside the county?

Does the sheriff know that Columbia county print shops are equipped to do excellent printing, but if the work sent out of the county is of such technical nature that it could not have been properly done by shops in this county, then the work could be let through Columbia shops at a figure which would effect a real saving to the taxpayers and give Columbia county printing houses a commission on the work?

DRY in 4 Hours

The latest Kyanize Varnish is a great time-saver without sacrificing one single fine quality.

4 Kyanize 4
